Michigan Freedom Network Endorses Mary Treder Lang for Secretary of State

*Treder Lang's Fight for Election Integrity, Efficient State
Government Secures Major Endorsement*

LANSING, MI, September 21, 2018 –The Michigan Freedom Network today endorsed Mary Treder Lang for Secretary of State.

“Mary Treder Lang understands that the first, most important job for the next Secretary of State is securing our elections and her background in cyber security makes her ideally suited for that role,” said Freedom Network Spokesperson Terri Reid. “Her opponent has a long and sordid history with individuals who have no respect for the integrity of our elections, including two of her senior staffers from her 2010 campaign sentenced for election fraud. Mary’s commitment to making sure your vote counts, paired with her commitment to more efficient government and respecting your time in line, make her the best choice for Secretary of State by a wide margin.”

Michigan Freedom Network is an independent political action committee. The Michigan Freedom Network supports candidates who advocate for fiscal responsibility, economic freedom and the elimination of coercive and compulsory policies.
