Freedom Fund Statement on Passage of Crony Capitalist Tax Giveaway

LANSING, MI, July 12, 2017 –Michigan Freedom Fund Executive Director Tony Daunt today responded to passage of Senate Bills 242-244 in the Michigan House of Representatives:

“We are extremely disappointed in self-described conservatives in the state House who refused to approve income tax relief for everyday Michigan workers and instead, today, voted for crony capitalist tax giveaways to a few handpicked big businesses.

“Governor Snyder and the legislature continue picking winners and losers – a few well connected businesses win, Michigan taxpayers lose.”
