<b>Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?</b>	Yes
<b>Do you support setting a goal for Michigan to be carbon-neutral by 2050?</b>	Yes
<b>You may elaborate on your position here:</b>	Everything and anything we can do to advance programs and services designed to reduce contributing to climate change must be enacted as soon as possible.
<b>Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?</b>	Yes
<b>You may elaborate on your position here:</b>	Pope Francis has identified climate change as one of the most impactful issues facing the global community. I believe climate change adversely affects vulnerable communities, especially poorer communities. I think we need to do everything we can to provide equal opportunities, including providing new job opportunities for all those being impacted by climate change. This includes new jobs in renewable energy and other important industry designed to save the planet.
<b>Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?</b>	Yes
<b>Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?</b>	Yes
<b>You may elaborate on your position here:</b>	Representing the district directly across from Sarnia, ONT., I have a keen interest in this pipeline and its impact on waterways across our state. More must be done to ensure the safety of our waterways. Enbridge must be held accountable for any of its failures and all responsibility of success rests with Enbridge. I think we must do everything possible to ensure the safety of our waterways.

## Form Summary

<b>Do you support lifting the cap on net metering to allow more residents and businesses to participate?</b>	Yes
<b>Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?</b>	Yes
<b>You may elaborate on your position here:</b>	I think we must do everything we can to make the use of solar energy both more appealing and more affordable to all Michigan residents. I think this should be a true public-private partnership. and requires more involvement by the state government.
<b>Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?</b>	Yes
<b>You may elaborate on your position here:</b>	
<b>Do you support policies to accelerate the adoption of electric vehicles (EVs), including EV infrastructure like charging stations?</b>	Yes
<b>Do you support policies and investments of state funds to help local communities and schools switch to electric transit and school buses?</b>	Yes
<b>Do you support policies and investing state funding to increase non-motorized transportation (like walking and biking) in Michigan communities, and to increase access to public transportation?</b>	Yes
<b>You may elaborate on your position here:</b>	I currently own a hybrid, and look for the day we can purchase a totally electric truck. I think building an infrastructure that supports renewal transportation, including walking and bike trails is necessary for the future stability of our plant.
<b>Have you signed the No Fossil Fuel Money Pledge?</b>	Yes
<b>You may elaborate on your position here:</b>	It will be posted to my twitter account by end of today.
<b>LAST THING BEFORE YOU GO: Would like to sign up to receive email from Michigan Climate Action Network? We will keep you updated on news about the climate in Michigan, share actions you can take to move the needle, and occasional emails about events to attend.</b>	Yes, Please
