You may elaborate on your position here:	I support the decommissioning of Enbridge's Line 5 pipelines because they represent a major risk to the Straits of Mackinac and our Great Lakes. I also support our efforts to become a 100% green energy State in order to make these kinds of pipelines obsolete. I am not necessarily against the building of the tunnel, if it meets exacting safety standards and is necessary as a bridge to 100% renewables to keep our energy costs down in the short-term.
