

Form Summary

Candidate's Name	Brock Story
Completed by (if other than candidate)	
House District Number	74
Preferred Phone Number	231-519-2835
Preferred Email Address	brockstoryforstaterep@yahoo.com
Verify Email Address	brockstoryforstaterep@yahoo.com
Campaign Website	
Upload a photo/headshot of the Candidate (optional)	37B71037-901D-423D-B6DE-51828EC6CCC4.jpeg
Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?	No
Do you support setting a goal for Michigan to be carbon-neutral by 2050?	No
You may elaborate on your position here:	Would I like these things to be done? Yes of course, but I will not use the force of government to make these things happen. I will support deregulation which will not allow non renewable companies to have an edge against renewable energy and deregulation will benefit renewable energy companies as well.
Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?	No
You may elaborate on your position here:	I do not believe it is the job of politicians to help people find jobs, I do believe by deregulating our economy it will become easier for workers who are misplaced to find employment.
Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?	No
Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?	No
You may elaborate on your position here:	I would say that there needs to be harsher punishment for oil spills as companies shouldn't be able to continually cause environmental damage.
Do you support lifting the cap on net metering to allow more residents and businesses to participate?	Yes

Form Summary

Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?	Yes
You may elaborate on your position here:	I would need to research this further, but by the simplistic explanation given here I believe it sounds like a good idea.
Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?	No
You may elaborate on your position here:	Companies should not be forced to offer anything.
Do you support policies to accelerate the adoption of electric vehicles (EVs), including EV infrastructure like charging stations?	No
Do you support policies and investments of state funds to help local communities and schools switch to electric transit and school buses?	No
Do you support policies and investing state funding to increase non-motorized transportation (like walking and biking) in Michigan communities, and to increase access to public transportation?	Yes
You may elaborate on your position here:	Public transportation is something that a lot of Michiganders need in order to operate their daily lives and improvements need to be made
Have you signed the No Fossil Fuel Money Pledge?	No
You may elaborate on your position here:	I may be interested in signing this pledge, but i am running to help everyone and that would include the fossil fuel industry as well.
LAST THING BEFORE YOU GO: Would like to sign up to receive email from Michigan Climate Action Network? We will keep you updated on news about the climate in Michigan, share actions you can take to move the needle, and occasional emails about events to attend.	No, Thanks
