

Form Summary	
Candidate's Name	Carly Hammond
Completed by (if other than candidate)	
House District Number	95
Preferred Phone Number	989-392-6224
Preferred Email Address	hammond4rep@gmail.com
Verify Email Address	hammond4rep@gmail.com
Campaign Website	https://hammond4rep.com
Upload a photo/headshot of the Candidate (optional)	Carly_H_Headshot_1.jpg
Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?	Yes
Do you support setting a goal for Michigan to be carbon-neutral by 2050?	Yes
You may elaborate on your position here:	I'm 24 years old. The reason I'm running for this seat now is because I believe in Climate Change and I know what it's doing to our community right now. We don't have time to elect politicians who will do the same-old, same-old politics. We need hard, real, tangible deadlines and numerical requirements to hold corporations accountable.
Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?	Yes
You may elaborate on your position here:	My community of Saginaw has been poisoned. Corporations in the auto and iron and steel industry have taken their profits and left my community to clean up the mess- literally. We have worse health outcomes because of their negligence, and of the inability of politicians to hold corporations accountable. Those communities deserve restorative justice.
Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?	Yes
Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?	Yes

Form Summary

You may elaborate on your position here:	There shouldn't be the fight between unions and environmentalists on this issue. I believe that there are so many environmental champions that can push pro-union causes and create an alliance between workers rights' groups and environmentalists. Starting with environmentalists demanding county commissions in northern areas to adopt a pro-union agenda.
Do you support lifting the cap on net metering to allow more residents and businesses to participate?	Yes
Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?	Yes
You may elaborate on your position here:	Our state legislature needs to stop interfering on behalf of fossil fuels and energy providers. Fixing our climate crisis is more important than appeasing industry lobbyists.
Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?	Yes
You may elaborate on your position here:	Saginaw has a lot of unused land in the city limits. Open property that could be used to supply solar power to the entire city. It's a dream of mine to see my community provide their own power, and save a lot of money doing so.
Do you support policies to accelerate the adoption of electric vehicles (EVs), including EV infrastructure like charging stations?	Yes
Do you support policies and investments of state funds to help local communities and schools switch to electric transit and school buses?	Yes
Do you support policies and investing state funding to increase non-motorized transportation (like walking and biking) in Michigan communities, and to increase access to public transportation?	Yes
You may elaborate on your position here:	We have to incorporate bold public transportation measures in our state in order to successfully combat climate change. We also need to ensure that those public transports are accessible and build with equity and restorative justice in mind. We have to be very wary of gentrification with any infrastructure investment projects.
Have you signed the No Fossil Fuel Money Pledge?	Yes
You may elaborate on your position here:	I take a strong stand against corporate cash in our electoral system period. Taking the Pledge is an honor, as I see it both committing to environmental justice, as well as standing against government corruption.

Form Summary

LAST THING BEFORE YOU GO: Would like to sign up to receive email from Michigan Climate Action Network? We will keep you updated on news about the climate in Michigan, share actions you can take to move the needle, and occasional emails about events to attend.

Yes, Please
