Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?	Yes
Do you support setting a goal for Michigan to be carbon-neutral by 2050?	Yes
You may elaborate on your position here:	Climate Change is the biggest existential threat facing our society and we must work to reduce our carbon emissions and transition to a green economy.
Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?	Yes
You may elaborate on your position here:	
Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?	Yes
Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?	Yes
You may elaborate on your position here:	I support shutting down Line 5 in its current form. Laborers, Operating Engineers, Pipefitters, and other union members do incredible work to ensure that Michiganders have safe access to energy and for that I am grateful. I support a bold, comprehensive plan to build renewable energy infrastructure in both peninsulas to support all our communities. I am committed to making sure that as we move from fossil fuels to renewable energy, we institute a public works plan that guarantees jobs for Michigan union workers. I look forward to collaborating with the Blue Green Alliance and others to make this happen.
