

## Form Summary

<b>Candidate's Name</b>	Dan O'Neil
<b>Completed by (if other than candidate)</b>	Jonathan Geldof
<b>House District Number</b>	104
<b>Preferred Phone Number</b>	410-707-3163
<b>Preferred Email Address</b>	jonathan@voteoneil.com
<b>Verify Email Address</b>	jonathan@voteoneil.com
<b>Campaign Website</b>	<a href="http://www.voteoneil.com">http://www.voteoneil.com</a>
<b>Upload a photo/headshot of the Candidate (optional)</b>	<a href="#">DanHeadshot.jpg</a>
<b>Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?</b>	Yes
<b>Do you support setting a goal for Michigan to be carbon-neutral by 2050?</b>	Yes
<b>You may elaborate on your position here:</b>	
<b>Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?</b>	Yes
<b>You may elaborate on your position here:</b>	In this country, we all share responsibility for creating the climate crisis. It s unfair to ask a select few to bear the burden of solving the problem. We must assure that necessary investments are made in retraining and economic support for displaced workers to assure a just solution.
<b>Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?</b>	Yes
<b>Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?</b>	Yes

## Form Summary

<b>You may elaborate on your position here:</b>	<p>This issue is personal for me. Line 5 is 67 years old. If there is a substantial leak, it would be absolutely devastating for the backbone tourism and hospitality industries in Traverse City. I believe Line 5 needed to be shut down yesterday.</p> <p>I don't trust the lame duck deal that resulted in the tunnel. And Enbridge has not done nearly enough to engage with my community in northern Michigan on the issue. I could be open to the tunnel, but I want to hear from experts first. I believe the PSC hearings are an excellent first step.</p>
<b>Do you support lifting the cap on net metering to allow more residents and businesses to participate?</b>	Yes
<b>Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?</b>	Yes
<b>You may elaborate on your position here:</b>	<p>I want to encourage the development of rooftop solar and other renewable energy sources. Distributed power generation offers the potential to spur innovation, to create jobs, and to move us closer to a sustainable future. I do think that it's fair to ask rooftop solar producers to bear some of the cost of transmission.</p>
<b>Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?</b>	Yes
<b>You may elaborate on your position here:</b>	
<b>Do you support policies to accelerate the adoption of electric vehicles (EVs), including EV infrastructure like charging stations?</b>	Yes
<b>Do you support policies and investments of state funds to help local communities and schools switch to electric transit and school buses?</b>	Yes
<b>Do you support policies and investing state funding to increase non-motorized transportation (like walking and biking) in Michigan communities, and to increase access to public transportation?</b>	Yes
<b>You may elaborate on your position here:</b>	<p>Michigan should be a national leader on electric vehicles. It's the best way to ensure Detroit is the same kind of automotive leader this century as it was last century.</p> <p>I am particularly passionate about making communities more bike-friendly and pedestrian-friendly, and brought that perspective to my ten years on the city planning commission.</p>
<b>Have you signed the No Fossil Fuel Money Pledge?</b>	No

## Form Summary

**You may elaborate on your position here:**

I don't believe I have taken any fossil fuel money and I have no plans to seek it out. I also can't imagine why a fossil fuel company would want to give me money, given that I will reliably vote for a clean energy future. I am generally uncomfortable with pledges and I don't believe I need one to say my values are my values.

**LAST THING BEFORE YOU GO: Would like to sign up to receive email from Michigan Climate Action Network? We will keep you updated on news about the climate in Michigan, share actions you can take to move the needle, and occasional emails about events to attend.**

Yes, Please
