

Form Summary	
Candidate's Name	Jody LaMacchia
Completed by (if other than candidate)	
House District Number	46
Preferred Phone Number	248-505-3655
Preferred Email Address	jody@jody2020.com
Verify Email Address	jody@jody2020.com
Campaign Website	https://jody2020.com
Upload a photo/headshot of the Candidate (optional)	80F9B8B1-DBF7-4AA1-9BC3-6D6C3F09285E.jpeg
Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?	Yes
Do you support setting a goal for Michigan to be carbon-neutral by 2050?	Yes
You may elaborate on your position here:	It is a lofty goal but we are running out of time. Aggressive action is needed if we are to save this planet and our way of life.
Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?	Yes
You may elaborate on your position here:	This is one of the consequences of systemic racism and the cycle needs to be broken and the disparities need to be rectified. Michigan will be stronger and more appealing to families and businesses, to young talent when we invest in ourselves and our struggling communities and work towards equality and equity.
Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?	Yes
Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?	Yes
You may elaborate on your position here:	There have been way too many disasters involving pipelines in bodies of water. Additionally, Enbridge has time and again shown itself to be untrustworthy and incapable of ensuring such disasters are avoided.
Do you support lifting the cap on net metering to allow more residents and businesses to participate?	Yes

Form Summary

Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?

Yes

You may elaborate on your position here:

It seems like the rules are tilted solely towards profit rather than what is right for the people of Michigan and our state. Energy companies can still turn a profit but consumers should be able to invest in solar energy for themselves, to lower their bills and to benefit the environment.

Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?

Yes

You may elaborate on your position here:

It seems like a no brainer.

Do you support policies to accelerate the adoption of electric vehicles (EVs), including EV infrastructure like charging stations?

Yes

Do you support policies and investments of state funds to help local communities and schools switch to electric transit and school buses?

Yes

Do you support policies and investing state funding to increase non-motorized transportation (like walking and biking) in Michigan communities, and to increase access to public transportation?

Yes

You may elaborate on your position here:

I love public transportation! I earned my MA in Chicago and didn't have a car at all. Beefing up the infrastructure for EVs is desperately needed.

Have you signed the No Fossil Fuel Money Pledge?

You may elaborate on your position here:

Not yet but I will! I would never take fossil fuel money.

LAST THING BEFORE YOU GO: Would like to sign up to receive email from Michigan Climate Action Network? We will keep you updated on news about the climate in Michigan, share actions you can take to move the needle, and occasional emails about events to attend.

Yes, Please
