

## Form Summary

<b>Candidate's Name</b>	Julia Pulver
<b>Completed by (if other than candidate)</b>	D'Anne Witkowski
<b>House District Number</b>	39
<b>Preferred Phone Number</b>	248-227-8773
<b>Preferred Email Address</b>	info@juliapulver.com
<b>Verify Email Address</b>	info@juliapulver.com
<b>Campaign Website</b>	<a href="https://www.juliapulver.com/">https://www.juliapulver.com/</a>
<b>Upload a photo/headshot of the Candidate (optional)</b>	
<b>Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?</b>	Yes
<b>Do you support setting a goal for Michigan to be carbon-neutral by 2050?</b>	Yes
<b>You may elaborate on your position here:</b>	Finding clean, renewable energy is essential to our long-term survival as a planet and it's going to be one of the greatest opportunities for new business in the 21st century. We have a chance to lead the world in green energy production. It would mean thousands of union jobs in our state. We'd be fools to not invest in this opportunity.
<b>Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?</b>	Yes
<b>You may elaborate on your position here:</b>	Environmental justice is social justice. It is public health. It is economic stimulus. I will always support legislation that promotes environmental justice.
<b>Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?</b>	Yes
<b>Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?</b>	Yes
<b>You may elaborate on your position here:</b>	I fully support shutting down Enbridge's Line 5 and I do not support a new pipeline anywhere near the Great Lakes. Any future pipelines should be built far away from this precious resource and those pipelines should have robust safeguards for the surrounding areas as well as a plan to hold Enbridge responsible for any pollution.

## Form Summary

**Do you support lifting the cap on net metering to allow more residents and businesses to participate?**

Yes

**Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?**

Yes

**You may elaborate on your position here:**

Installing rooftop solar panels demonstrates a true commitment to renewable energy and a literal investment in the future. Any ratepayer able to produce their own clean and renewable energy should be able to do so at a fair rate. We need incentives for more homeowners and businesses to make this kind of investment.

**Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?**

Yes

**You may elaborate on your position here:**

Investment in renewable energy should be made available to all. The health of our environment is dependent on our ability to switch to cleaner sources of energy. Anyone who is willing to help us make this switch should be allowed to benefit from their investment.

**Do you support policies to accelerate the adoption of electric vehicles (EVs), including EV infrastructure like charging stations?**

Yes

**Do you support policies and investments of state funds to help local communities and schools switch to electric transit and school buses?**

Yes

**Do you support policies and investing state funding to increase non-motorized transportation (like walking and biking) in Michigan communities, and to increase access to public transportation?**

Yes

**You may elaborate on your position here:**

Infrastructure, especially when it comes to public transportation, is also one of the most critical factors in a healthy economy. It's vital for employment, healthcare, education, and commerce. Unfortunately, as the state most linked to getting people where they need to go, we are still shockingly behind the times. We need to invest in robust, extensive, and green public transportation options across the 39th and throughout the state.

**Have you signed the No Fossil Fuel Money Pledge?**

Yes

**You may elaborate on your position here:**

## Form Summary

**LAST THING BEFORE YOU GO: Would like to sign up to receive email from Michigan Climate Action Network? We will keep you updated on news about the climate in Michigan, share actions you can take to move the needle, and occasional emails about events to attend.**

Yes, Please
