<b>Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?</b>	Yes
<b>Do you support setting a goal for Michigan to be carbon-neutral by 2050?</b>	Yes
<b>You may elaborate on your position here:</b>	We cannot solve the climate crisis with incremental changes- we need a holistic solution toward net neutrality and reversal/sequestration of atmospheric greenhouse gases within 30 years.
<b>Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?</b>	Yes
<b>You may elaborate on your position here:</b>	District 4 has suffers from the effect of a environmental racism with air, water and soil pollutants colocated with the most densely populated areas in the state. High poverty rates, immigrant population and minority communities are disproportionately affected.
<b>Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?</b>	Yes
<b>Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?</b>	Yes
<b>You may elaborate on your position here:</b>	We cannot trust Embridge with the international freshwater resources. They are not trustworthy and the risk is too great.
<b>Do you support lifting the cap on net metering to allow more residents and businesses to participate?</b>	Yes

## Form Summary

<b>Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?</b>	Yes
<b>You may elaborate on your position here:</b>	Utilities must be decentralized and there must be technology incentives for individuals and businesses to general clean energy.
<b>Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?</b>	Yes
<b>You may elaborate on your position here:</b>	See above. Utilities cannot have a monopoly on energy generation in the green energy future.
