

Form Summary

Candidate's Name	Michelle Woodman
Completed by (if other than candidate)	Adam Boyer
House District Number	23
Preferred Phone Number	586-799-2481
Preferred Email Address	electmichellewoodman@gmail.com
Verify Email Address	electmichellewoodman@gmail.com
Campaign Website	http://electmichellewoodman.com/
Upload a photo/headshot of the Candidate (optional)	print-14_close_up_2MB.jpg
Do you support setting a goal for Michigan to transition to 100% renewable electricity by 2050?	Yes
Do you support setting a goal for Michigan to be carbon-neutral by 2050?	Yes
You may elaborate on your position here:	Besides the obvious environmental benefits from goals like this, there will also be numerous economic benefits by converting over to green and renewable energy sources. All avenues need to be explored in order to cut our dependence on the fossil fuel industry.
Would you support state general funds or other state funding being directed to programs that support communities and workers most impacted by the climate crisis and the transition to renewables, including programs to retrain workers displaced by the transition off fossil fuels?	Yes
You may elaborate on your position here:	A government's first duty is to look after its citizens. The poor and low-income citizens are ignored and left behind far too often. Any plan Michigan comes up with needs to find a way to support those vulnerable citizens.
Do you support the decommissioning of the Line 5 oil pipeline in the Straits of Mackinac?	Yes
Do you oppose the building of a Line 5 oil tunnel under the Great Lakes bottomlands?	Yes
You may elaborate on your position here:	The Great Lakes are Michigan's greatest natural resource and always need to be protected. Line 5 is an example of the unfortunate level of influence the fossil fuel industry has on nearly all levels of government. We must reverse that trend and protect our Great Lakes and the citizens living in that part of the state.

Form Summary

Do you support lifting the cap on net metering to allow more residents and businesses to participate?	Yes
Do you support returning to net metering, and providing a fairer price to businesses and residents for the solar energy they generate?	Yes
You may elaborate on your position here:	Unfortunately, the capping and subsequent elimination of net metering once again demonstrate the undue influence of the fossil fuel industry on our state's government. We need to move forward with all opportunities to promote clean, renewable energy like solar, and programs to promote its use among consumers are just one great way to do that.
Do you support policy that requires utilities to allow customers to build community renewable energy projects with fair rates?	Yes
You may elaborate on your position here:	As stated on question 4, we need to move forward with all opportunities to promote clean, renewable energy like solar, and programs to promote its use among consumers are just one great way to do that.
Do you support policies to accelerate the adoption of electric vehicles (EVs), including EV infrastructure like charging stations?	Yes
Do you support policies and investments of state funds to help local communities and schools switch to electric transit and school buses?	Yes
Do you support policies and investing state funding to increase non-motorized transportation (like walking and biking) in Michigan communities, and to increase access to public transportation?	Yes
You may elaborate on your position here:	For the sake of entire planet, we need to find ways to switch to electric transportation or eliminate the need for it all together wherever possible. All of these policy efforts are a great start, but we can do better and find more.
Have you signed the No Fossil Fuel Money Pledge?	No
You may elaborate on your position here:	This is the first I have learned of the pledge, but I will gladly follow the steps on nofossilfuelmoney.org in order to complete this. I do not want my campaign to be influenced by anyone from the fossil fuel lobby.

Form Summary

LAST THING BEFORE YOU GO: Would like to sign up to receive email from Michigan Climate Action Network? We will keep you updated on news about the climate in Michigan, share actions you can take to move the needle, and occasional emails about events to attend.

Yes, Please
