As an elected official, I may take money from a corporation. What matters more than the money is my vote. My voting record shows that while I've taken small amounts of funding from Consumers Energy and DTE, I've also steadily voted for innovative bills that pave the way for energy efficiency and clean energy. If re-elected, I will continue to prove to you that I am authentically dedicated to the environment through my votes. Until we fundamentally change campaign finance, as a candidate, I need to take money to win.
