

COVID-19 RESPONSE PLAN

As COVID-19 restrictions continue to affect our state, we will be hosting Catholics at the Capitol as a hybrid model. Participants will have the option to join in-person or online. Both methods will offer you quality programming, invigorating talks, and the opportunity to make a difference in your community that you have come to expect.

MODEL A: IN-PERSON

Participants have the opportunity to attend in-person as they have in the past. Rallying together as a community of Minnesota Catholics eager to make a difference in our state is indispensable. Current COVID-19 safety precautions including masking and social distancing will be followed.

MODEL B: VIRTUAL

For those who prefer to join us remotely, sign up to be a virtual participant! You can join Catholics at the Capitol from the comfort of your home! We are committed to delivering both the in-person and online formats with excellence so that no one misses out on the quality programming and information throughout the day.

APRIL 16 : VIRTUAL LEGISLATIVE VISITS

Since the MN State Capitol is closed to the public, all legislative visits will take place online via a virtual platform on Friday, April 16 between 1:00 PM and 3:00 PM (the afternoon following Catholics at the Capitol).

A virtual meeting link will be sent to participants ahead of time by their District Leader. Participants will also receive materials regarding MCC's legislative priorities.

We can't wait for you to join us online or in-person for Catholics at the Capitol 2021! Visit CatholicsattheCapitol.org for more information and to register!
