

Maureen “Mo” Mulheren receives key endorsements for her Mendocino County Board of Supervisors, Second District Campaign

Ukiah, California, Release: December 30, 2019. *For Immediate Release*

Mo Mulheren proudly announces endorsements of her candidacy for Mendocino County Second District Supervisor by SEIU Local 1021, Sheriff Tom Allman (retired), Ukiah City Councilmember Jim Brown, and Mendocino County Office of Education Trustee Tarney Sheldon.

“Good leadership depends on energy, enthusiasm, and the knowledge of the many topics we face. I am endorsing Mo based on her ability to work with others and get the job done.” -Tom Allman

Mulheren announced her candidacy for Supervisor in January of 2019 while serving as Mayor of Ukiah. Mulheren was first elected to the Ukiah City Council in 2014 when three of the five members council were also new. This marked a wave of change in Ukiah including 140+ new units of both subsidized and market rate housing, improved budget transparency and communication with the community, and the undertaking of large capital projects including the Recycled Water Project and infrastructure upgrades at Airport Park Blvd, and Talmage and North State Street improvements through the Brush Low Gap intersection. As Ukiah Mayor, Mulheren stated "These projects should have been done twenty years ago when I was in high school, I'm glad to check them off the list."

“I’m running for Supervisor because I want to apply my local knowledge and ability to get things done to our county-wide and regional challenges including homelessness, whole person wellness, housing, economic opportunity for all, and disaster preparedness and climate resiliency. So many of these challenges are typically siloed in government but they are actually interconnected and must be addressed by forming coalitions across disciplines, with community partners, and forging strong ties with and good working relationships with the business community. Receiving the endorsement of both SEIU Local 1021—the county employees who serve our community every day—and Sheriff Tom

Allman show that I have the ability to forge key relationships with diverse groups and individuals and get the job done for Mendocino County.”
