Seeking your support for the National Policy Forum in Labour North Region

John Taylor

CLP : Redcar Membership Number : A652247

I am seeking nomination as a Candidate for the National Policy Forum for the first time. I have been a lifelong member of the Labour & Trade Union movement & have served as Chair and Secretary of Redcar Constituency. I am currently Secretary of my Unite the Union Branch and am also an elected member of Momentum's National Coordinating Group.

I believe that for policy to be workable, the people that will be affected by it should have a chance to influence it, so I am committed to involving and consulting Labour Party members in policy changes the Party makes by being accessible to members and speaking at CLP meetings. We need to identify completely new ways of implementing our socialist principles. To begin with this means adding depth and implementation plans to our fantastic 2017 Manifesto. In the longer term we will need to be more ambitious and more innovative.

As an active Unite the Union member I am really proud of the link between the Unions and the Labour Party and want to be a part of improving the quality of life for all people through effective Labour Policies.

Finally, with my vast experience of a lifetime working in the Labour & Trade Union movement, getting a good breadth of experience and diversity on the NPF is essential to ensure that the Party learns and progresses by utilising the skills of all its members. I feel therefore, that with my knowledge & experience I will be a real asset to the National Policy Forum.
