## NPF Elections 2018 (CLP Section)

Dear CLP Secretary, Labour stands on the threshold of history. The job of the NPF (National Policy Forum) is to ensure Labour has an election winning manifesto. Members are key. The elections take place this summer using OMOV. Each CLP can nominate up to 4 members in the CLP senior section plus a Youth member for Yorkshire and the Humber. At least 2 of the senior positions must be women. Grassroots candidates are committed to representing your views, reporting back and encouraging engagement. Please nominate Grassroots Alliance candidates.

**OLIVIA BLAKE – Sheffield Central L0077508** Tele: 07817 672558. [ofblake@gmail.com](mailto:ofblake@gmail.com) I am standing to make sure members' voices are heard. I want to utilise the role to have a conversation with members about what the next Labour government will look like. I'm Deputy Leader of Sheffield City Council, where as Cabinet Member for Finance I've seen the devastating Tory cuts to services. We need strong policy to help tackle poverty and inequality head on from day one of a Labour government

**ANN CRYER- Shipley CLP Mem No: A223758** Tele:07711 000483 [anncryer@gmail.com](mailto:anncryer@gmail.com)  
As Chair of the NPF I have never shied away from difficult issues. A political activist for over 50 years I have always worked closely with members collecting membership, canvassing and fund raising. Being on the NPF isn't a career move for me, but a method of keeping in touch with and representing the membership to the best of my ability

**GEORGE McMANUS- Beverley & Holderness CLP Mem No: A703130** Tele:07720 847819 [geormcman@aol.com](mailto:geormcman@aol.com) First elected to the NPF in 1997 I have worked tirelessly to try and make sure your voices have been heard. Jeremy Corbyn has given us the opportunity to campaign for a genuinely Socialist Labour government. We must now give him the tools to do the job. If re-elected I promise to act as your advocate in the policy making process. I hope you will nominate me and my Grassroots comrades.

**GEORGE NORMAN- York Central. CLP Mem No: L1223836** Tele:07803 837233 [george-norman@hotmail.com](mailto:george-norman@hotmail.com) "Our socialism should be a force for unity. As an NPF rep for the last 3 years, I've proudly fought for fellow LGBTQ and disabled members. I queried and shaped the equalities section of the 2017 manifesto. In York I've forged a united party, centred around Jeremy Corbyn's vision. I lead campaigning in my city and am consulted by Labour council candidates. I'm a proud member of Unite the Union. My trade unionism leads my politics."

## YOUTH CANDIDATE

"I'm passionate about young people contributing views on the issues which affect them to Labour's policy platform. I joined the Party at 16 and I am a strong voice for equal rights and liberation issues within the Party. I study social policy so have a strong practical background for this role. Please nominate me.
