

A photograph of a community garden with several woven baskets filled with fresh green beans and leafy vegetables. In the background, there are trees, a wooden fence, and a building. The text is overlaid on the top half of the image.

# MISSION HILLS COMMUNITY GARDEN DAY

**JUNE 30 | 9AM—12PM**

**Learn** with us!  
**Build** a little free library.  
**Plant** organic vegetables.  
**Construct** vertical gardens.  
**Enjoy** drinks and snacks with our neighbors!

14941 Devonshire St. Los Angeles, CA 91345

Join us in the Mission Hills community garden, a *free* 100% organic garden that provides fruits and vegetables for the San Fernando Valley!

We want to partner with your family or organization to expand the garden to bring healthy food and positive lifestyle inspiration to everyone in our community! On this garden day, we will construct a little free library that will provide and promote free books and reading resources. We will also work on a Vertical Garden Project to promote bee populations in the San Fernando Valley.

If your family, club, or organization is interested in volunteering or sponsoring a project with supplies or finances, please RSVP on Facebook or Eventbrite. We also have VIP Garden Sponsor tickets available that will help us purchase supplies for constructing the gardens and the free little library! You can request more information or get involved by contacting Ryan Pryor at [mhccmail@gmail.com](mailto:mhccmail@gmail.com)!
