

# THE NOSE KNOWS

## METHANE GAS LEAKS UNDER YOUR FEET

We are mothers, grandmothers, and other caregivers who can no longer be silent and still about the very real danger that climate change poses to our children's and grandchildren's future.

### Brookline Gas Leaks Scavenger Hunt Rules

1. Locate a yellow flag marking one of the 350+ methane gas leaks in Brookline. Flags are yellow, labeled with a nose and **#FixLeaksFirst**.
2. Take a photo of the flag with or without yourself, include the flag's location and tag with **#FixLeaksFirst** in a post to [facebook.com/BrooklineMOF](https://facebook.com/BrooklineMOF) or to Twitter [@BrooklineMOF](https://twitter.com/BrooklineMOF).\*
3. Winner(s) who find the most flags will be featured on our Mothers Out Front Brookline website after April 9<sup>th</sup> and will be featured in the Brookline TAB.

\* Not on Facebook or Twitter?

email [info.ma.brookline@mothersoutfront.org](mailto:info.ma.brookline@mothersoutfront.org) with your flag picture and location. By emailing us the image, you give us the right to post your image, including, but not limited to Facebook, Twitter and our website.
