#### AND ITS SUBSIDIARY AND BRANCHES

#### CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

ABN 93 047 659 794

#### **OPERATING REPORT**

Your Divisional National Council present their consolidated report on the Maritime Union of Australia Division ("Union") of the Construction, Forestry, Maritime, Mining and Energy Union, consisting of the National Divisional Branch of the Union ("Federal"), the Divisional Branches of the Union and the subsidiary company of the Union (MUA HTS Pty Limited) for the financial period from 27 March 2018 to 30 June 2018 (the period).

#### **Union Officials**

The names of the Officials in office at any time during the period and to the date of this report are:

Bray, I ^ Jones, M ^ Bull, A ^ \* Keane, G ^ Burford, A ^ \* Keating, P ^ Cain, C ^ Mayor, T ^ Cain, D McAleer, P ^ Miners, J ^ Campbell, J ^ Carnegie, R ^ Myers, M ^ \* Newlyn, J ^ Cassar, J Clothier, C ^ \* Outram, D ^ \* Crumlin, P ^ Patchett, R Paterson, J ^ \* Deakin, J Evans, A ^ Peterson, P (elected 3/7/18) Gallagher, P Smith, W ^ Garrett, P Tracey, W ^ Hoy, J Williams, G ^ Italia, J ^ ^ Divisional National Councillor \*Honorary Electorate

Officials have been in office since the start of the period to the date of this report unless otherwise stated.

During the period all Officials attended the Divisional National Council meeting with no apologies.

#### **Review of Operations**

The consolidated total comprehensive surplus of the Union for the period amounted to \$476,063.

The number of members of the Union at the end of the period was 12,705.

The number of employees of the reporting unit at the end of the period was 74.

The right of members to resign from the organisation is set out at Section 11 of the Union's rules.

#### **Significant Changes in State of Affairs**

On the 27th of March 2018, the Maritime Union of Australia (MUA) amalgamated with the Construction, Forestry, Mining and Energy Union (CFMEU). Since then, the MUA and its branches became a division of the Construction, Forestry, Maritime, Mining and Energy Union (CFMMEU) and will report as such to the Registered Organisation Commission (ROC). At the time of issuing this report, there is no confirmation whether the MUA Division and its divisional branches will still report on a consolidated basis or will become separate reporting units. As such the financial report has been prepared for the financial period 27 March 2018 to 30 June 2018.

#### AND ITS SUBSIDIARY AND BRANCHES

#### CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

ABN 93 047 659 794

#### **OPERATING REPORT**

#### **Principal Activities**

The principal activities of the Union during the financial period was the provision of Trade Union services to its members. The Objects of the Union are set out in Section 4 of the Union's Rules. No significant change in the nature of these activities occurred during the period.

#### **Rights of Members to Resign**

All members have a right to resign in accordance with Section 11 of the Union's Registered Rules and Section 174(1) of the Fair Work (Registered Organisations) Act 2009. In accordance with section 174(1) of the Fair Work (Registered Organisations) Act 2009, a member of an organisation may resign from membership by written notice addressed and delivered to a person designated for the purpose in the rules of the organisation or branch of the organisations.

#### **Events Subsequent to the End of the Reporting Period**

There has not arisen in the interval between the reporting date and the date of this report, any item, transaction or event of a material and unusal nature likely, in the opinion of the Officials, to affect significantly the operations of the Union, the results of those operations, or the state of affairs of the Union, in future financial years.

#### **Proceedings on Behalf of the Union**

No person has applied for leave of Court to bring proceedings on behalf of the Union or intervene in any proceedings to which the Union is a party for the purpose of taking responsibility on behalf of the Union for all or any part of those proceedings.

### **Indemnification of Officers**

No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an officer or auditor of the Union.

# **Auditor's Independence Declaration**

The auditor's independence declaration for the period has been received and can be found on page 5 of the report.

#### **Superannuation Fund Office Holders**

The following Officials were trustees or directors of a company that acted as a trustee or alternative trustee of the Maritime Super, a related party:

Crumlin, P Newlyn, J Tracey, W Garrett, P

Signed in accordance with a resolution of the Divisional National Council:

Dated this 2nd day of October 2018

P. Crumlin

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

### 1. Summary of Significant Accounting Policies

The financial statements cover the National Office of the Maritime Union of Australia Division of the Construction, Forestry, Maritime, Mining & Energy Union ("Federal"), the State Divisional Branches of the Maritime Union of Australia Division and its subsidiary company MUA HTS Pty Ltd ("Consolidated").

The Maritime Union of Australia Division of the Construction, Forestry, Maritime, Mining & Energy Union is a Trade Union created under the Fair Work (Registered Organisations) Act 2009, registered and domiciled in Australia.

The financial report of The Maritime Union of Australia and its subsidiary and Branches for the period from 27 March 2018 to 30 June 2018 was authorised for issue in accordance with a resolution of the Divisional National Council on the 2nd October 2018.

#### **Basis of Preparation**

The financial statements are general purpose financial statements and have been prepared in accordance with Accounting Standards and Interpretations issued by the Australian Accounting Standard Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisations) Act 2009*. The Union is a not for profit entity.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards (IFRS) as issued by the IASB. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

### (a) Basis of Consolidation

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by The Maritime Union of Australia Division at the end of the reporting period. A controlled entity is any entity over which The Maritime Union of Australia Division has the ability and right to govern the financial and operating policies so as to obtain benefits from the entity's activities.

Where controlled entities have entered or left the Union during the year, the financial performance of those entities is included only for the period of the year that they were controlled.

In preparing the consolidated financial statements, all intra-entity balances and transactions between entities in the consolidated group have been eliminated in full on consolidation.

The MUA and it's Branches have been relying on previous certificate under s245 of the RO Act by the General Manager enabling it to report as a single reporting unit.

For a full list of consolidated entities, please refer to Note 21.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

### 1. Summary of Significant Accounting Policies (cont)

#### b) New, revised or amending Accounting Standards and Interpretations adopted

The Union has adopted all applicable new, revised and amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accouting Standards or Interpretations that are not yet mandatory have not been early adopted.

• AASB 2016-4 Amendments to Australian Accounting Standards – Recoverable Amount of Non-Cash Generating Specialised Assets of Not-for-Profit Entities, which amends AASB 136 Impairment of Assets to remove references to depreciated replacement cost as a measure of value in use for not-for-profit entities and clarify that not-for-profit entities holding non-cash-generating specialised assets at fair value in accordance with AASB 13 Fair Value Measurement [under the revaluation model in AASB 116 Property, Plant and Equipment and AASB 138 Intangible Assets] no longer need to consider AASB 136. Not-for-profit entities holding such assets at cost may determine recoverable amounts using current replacement cost in AASB 13 as a measure of fair value for the purposes of AASB 136. There was nil impact on the Union by the adoption of this amendment.

New standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to the future reporting period that are expected to have a future financial impact on the Union

- AASB 2017-1 Amendments to Austrlian Accounting Standards Transfers of Investment Property, Annual Improvements 2014-2016 Cycle and Other Amendments, which amends AASB 140 and reflects the principle that an entity transfers property to, or from, investment property when, and only when, there is a change in the use of the property supported by evidence that a change in use has occurred. This may impact the investment properties held Union by the future adoption of this amendment.
- AASB 15 Revenue from Contracts with Customers introduces a five step process for revenue recognition with the core principle of the new Standard being for entities to recognise revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration to which the entity expects to be entitled in exchange for those goods and services. Changes will arise in timing of revenue recognition, treatment of contracts costs and contracts which contain a financing element. It will also result in enhanced disclosures about revenue, provide guidance for transactions that were previously addressed comprehensively and improve guidance for multiple-element arrangements. There is minimal impact anticipated by the Union by the future adoption of this amendment.
- AASB 1058 Income of NFP Entities supersedes all the income recognition requirements relating to private sector NFP entitities, all the majority of income recognition requirements relating to public sector NFP entities, previously in AASB 1004 Contribution. The timing of income recognition depends on whether such a transaction gives rise to a liability or other performance obligation, or a contribution by owners, related to an asset received by the Union. AASB 1058 applies when a NFP entity receives volunteer services or enters into other transactions where the consideration to acquire an asset is significantly less than the fair value of the asset principally to enable the entity to further its objectives. In the latter case, the entity recognises and measures the asset at fair value in accordance with the applicable Australian Accounting Standard.

# THE MARITIME UNION OF AUSTRALIA DIVISION AND ITS SUBSIDIARY AND BRANCHES CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

### 1. Summary of Significant Accounting Policies (cont)

#### b) New, revised or amending Accounting Standards and Interpretations adopted (cont)

Upon initial recognition of the asset, this Standard requires the entity to consider whether any other financial statement elements should be recognised in accordance with the applicable Accounting Standard, such as: (a) contribution by owners, (b) revenue, or a contract liability arising from a contract with a customer, (c) a lease liabilty, (d) a financial instrument, or (e) a provision. If the transaction is a transfer of a financial asset to enable an entity to acquire or construct a recognisable nonfinancial asset to be controlled by the entity, the entity recognises the liability for the excess of the fair value of the transfer over any related amounts recognised. The entity recognises income as it satisfies its obligations under the transfer similarly to income recognition in relation to performance obligations under AASB 15. If the transaction does not enable an entity to acquire or construct a recognisable non-financial asset to be controlled by the entity, then excess of the initial carrying amount of the recognised asset over the related amounts is recognised as income. There is minimal impact anticipated by the Union by the future adoption of this amendment.

 AASB 9 Financial Instruments, AASB 2010-7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2009), AASB 2012-6 Amendments to Australian Accounting Standards Mandatory Effective Date of AASB 9 and Transitional Disclosures, AASB 2013-9 Amendments to Australian Accounting Standards -Conceptual Framework, Materiality and Financial Instruments, AASB 2014-1 Amendments to Australian Accounting Standards, AASB 2014-7 Amendments to Australian Accounting Standards arising from AASB 9, AASB 2014-8 Amendments to Australian Accounting Standards arising from AASB 9 consist of significant revisions to the classification and measurement of financial assets, reducing the number of categories and simplifying the measurement choices, including the removal of impairment testing of assets measured at fair value. The amortised cost model is available for debt assets meeting both business model and cas flow characteristics tests. All investments in equity instruments using AASB 9 are to be measured at fair value. It amends measurement rules for financial liabilities that the entity elects to measure at fair value through profit and loss. Changes in fair value attributable to changes in the entity's own credit risk are presented in other comprehensive income. AASB 9 includes a new approach to hedge accounting that is intended to more closely align hedge accounting with risk management activities undertaken by wentities when hedging financial and nonfinancial risks. some of the key changes from AASB 139 are as follows: (a) to allow hedge accounting of risk components of non-financial items that are identifiable and measurable, (b) changes in the accounting for the time value of options, the forward element of a forward contract and foreign-currency basis spreads designated as hedging instruments, and (c) modification of the requirements for effectiveness testing. Revised disclosures about an entity's hedge accounting have also been added to AASB 7 Financial Instruments - Disclosures. Impairment of asstes is now based on expected losses in AASB 9 which requires entities to measure: (a) the 12 month expected credit losses, or (b) full lifetime expected credit losses. There is minimal impact anticipated by the Union by the future adoption of this amendment.

# CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

### 1. Summary of Significant Accounting Policies (cont)

#### b) New, revised or amending Accounting Standards and Interpretations adopted (cont)

• AASB 16 Leases - will cause the majority of leases of an entity to be brought onto the statement of financial position. There are limited exceptions relating to short-term leases and low value assets which may remain off-balance sheet. The calculation of the lease liability will take into account appropriate discount rates, assumptions about lease term and increase in lease payments. A corresponding right to use asset will be recognised which will be amortised over the term of the lease. Rent expense will no longer be shown, the profit and loss impact of the leases will be through amortisation and interest charges. There is minimal impact anticipated by the Union by the future adoption of this amendment.

#### c) Income Tax

No provision for income tax is necessary as *Trade Unions* are exempt from income tax under SS 50-15 of the Income Tax Assessment Act 1997.

# d) Revenue

Revenue is measured at fair value of the consideration received or receivable.

Revenue from member contributions is recognised on an accrual basis. These comprise of actual contributions received during the year and contributions due from members and those paid in advance at reporting date.

Donations are recognised as revenue when received unless they are designated for a specific purpose, where they are carried forward as deferred income on the statement of financial position.

When grant revenue is received whereby the Union has the obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise, the grant is recognised as income on receipt.

Interest revenue is recognised on an accrual basis using the effective interest rate method. Revenue from rendering of a service is recognised upon the delivery of service to the customer.

Rental revenue from operating leases is recognised on a straight-line basis over the term of the relevant lease.

Collectability of debts is reviewed at end of the reporting period. Allowances are made when collectability of the debt is no longer probable.

Revenue from the sale of goods is recognised when, the risks and rewards of ownership have been transferred to the buyer, the entity retains no managerial involvement or effective control over the goods, the revenue and transaction costs incurred can be reliably measured, and it is probable that the economic benefits associated with the transaction will flow to the entity. Any advanced receipts of revenue are recorded as revenue in advance as a liability.

Capitation fees and levies are recognised on an accrual basis and recorded as a revenue and/or expense in the year to which it relates.

All revenue is stated net of the amount of GST.

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

### 1. Summary of Significant Accounting Policies (cont)

### e) Employee Benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 Employee Benefits) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the Union in respect of services provided by employees up to reporting date.

Provision is made for separation and redundancy benefit payments. The Union recognises a provision for termination as part of a broader restructuring when it has developed a detailed formal plan for the terminations and has informed those employees affected that it will carry out the terminations. A provision for voluntary termination is recognised when the employee has accepted the offer of termination.

#### f) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Where an asset is acquired by means of a finance lease, the asset is capitalised at either the fair value of the lease property or, if lower, the present value of minimum lease payments at the inception of the contract and a liability is recognised at the same time and for the same amount.

The discount rate used is the interest rate implicit in the lease. Leased assets are amortised over the period of the lease. Lease payments are allocated between the principal component and the interest expense.

Operating lease payments are expensed on a straight-line basis which is representative of the pattern of benefits derived from the leased assets.

Rental revenue from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

# g) Borrowing Costs

All borrowing costs are recognised in profit and loss in the period in which they are incurred.

#### h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

#### h) Goods and Services Tax (GST) (cont)

Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

#### i) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

#### **Financial Assets**

Financial assets are classified into the following specified categories: financial assets at fair value through profit or loss, held-to-maturity investments, available-for-sale financial assets and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised upon trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

#### Fair value through profit or loss

Financial assets are classified as at fair value through profit or loss when the financial asset is either held for trading or it is designated as at fair value through profit or loss.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the reporting unit manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial assets at fair value through profit or loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'other income and expenses' line item in the statement of comprehensive income.

# **Held-to-maturity investments**

Financial assets with fixed or determinable payments and fixed maturity dates that the reporting unit has the positive intent and ability to hold to maturity are classified as held-to-maturity investments. Held-to-maturity investments are measured at amortised cost using the effective interest method less any impairment.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

#### 1. Summary of Significant Accounting Policies (cont)

# i) Financial Instruments (cont)

#### Loan and receivables

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method less impairment. Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

#### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, when appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest rate basis except for debt instruments other than those financial assets that are recognised at fair value through profit or loss.

### Impairment of financial assets

Financial assets, other than those at fair value through profit or loss, are assessed for impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Union's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 60 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

# CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

#### 1. Summary of Significant Accounting Policies (cont)

# i) Financial Instruments (cont)

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

# **Derecognition of Financial Assets**

The reporting unit derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

#### **Financial Liabilities**

Financial liabilities are classified as either financial liabilities 'at fair value through profit or loss' or other financial liabilities. Financial liabilities are recognised and derecognised upon 'trade date'.

### Other financial libilities - borrowings

Loans and borrowings, are initially measured at fair value of consideration received, net of transaction costs.

They are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

#### **Derecognition of financial liabilities**

The reporting unit derecognises financial liabilities when, and only when, the reporting units obligations are discharged, cancelled or they expire. The difference between the carrying amounts of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

#### j) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

#### **Property**

Freehold land and buildings are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located. Following initial recognition at cost, freehold land and buildings are shown at their fair value, based on periodic, at least every 5 years valuations by external independent valuers, less subsequent depreciation and impairment for buildings.

#### AND ITS SUBSIDIARY AND BRANCHES

# CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

### 1. Summary of Significant Accounting Policies (cont)

#### j) Property, Plant and Equipment (cont)

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Increases in the carrying amounts arising on revaluation of land and buildings are credited to the revaluation surplus in equity, any revaluation decrements are initially taken to the revaluation surplus reserve to the extent of any previous revaluation surplus of the same asset. Thereafter, the decrements are taken to profit and loss.

#### Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses. The carrying amount of plant and equipment is reviewed annually by the National Council to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Union and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Comprehensive Income during the financial period in which they are incurred.

#### Depreciation

The depreciable amount of all fixed assets, including buildings and capitalised lease assets, is depreciated on a straight-line basis over the asset's useful life commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of fixed asset		Ef	fective life (years)	<b>Depreciation Rate</b>
Buildings	40	-	40	2.50%
Plant and Equipment	15		15	6.85%
Office Equipment	5	-	5	20.0%
Office Furniture	6.6	-	6.6	15.0%
Motor Vehicles	8	-	8	12.5%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

# Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss. Gains and losses from disposal of assets are recognised when control of the asset has passed to the buyer.

# AND ITS SUBSIDIARY AND BRANCHES

# CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

#### 1. Summary of Significant Accounting Policies (cont)

# k) Investment Properties

Investment properties principally comprise of freehold land and buildings held for long-term rental and capital appreciation that are not occupied by the Union. Investment properties are initially recognised at cost, including transaction costs, and are subsequently remeasured annually at fair value. Movements in fair value are recognised directly to profit or loss.

Investment properties are derecognised when disposed of or when there is no future economic benefit expected.

Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Transfers to and from investment properties to property, plant and equipment are determined by a change in use of owner-occupation. The fair value on the date of change of use from investment properties to property, plant and equipment are used as deemed cost for the subsequent accounting. The existing carrying amount of property, plant and equipment is used for the subsequent accounting cost of investment properties on the date of change of use.

Investment properties also include properties under construction for future use as investment properties. These are carried at fair value, or at cost where fair value cannot be reliably determined and the construction is incomplete.

# I) Impairment of Non-Current Assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the MUA were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

#### m) Non-Current Assets Held for Sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the non-current asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs of disposal.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

#### 1. Summary of Significant Accounting Policies (cont)

#### n) Fair Value Measurement

The Union measures financial instruments, such as, financial asset as at fair value through the profit and loss, available for sale financial assets, and non-financial assets such as land and buildings and investment properties, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are disclosed in Note 17.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Union. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Union uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the [reporting unit] determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as land and buildings and investment properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the [reporting unit] has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

#### 1. Summary of Significant Accounting Policies (cont)

# o) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits available on demand with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are reported within short-term borrowings in current liabilities in the statement of financial position.

# p) Inventories on Hand

Inventories are measured at the lower of cost and current replacement cost.

#### q) Trade and Other Receivables

Trade and other receivables include amounts due from member contributions as well as amounts receivable from customers for goods sold in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Accounts receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest rate method, less any provision for impairment.

# r) Trade and Other Payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Union during the reporting period, which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

# s) Accrued Expenditure

Accruals are recognised when there is a definitive commitment and where an obligation for the Union has arisen. Usually the Union accrues for the international conferences, election expenses, legal fees, and any other payables for which the Union has an estimate. Estimates are based on past year trends and current factors which may have an impact on the Union's obligations. During the current financial year the Union accrued for Union elections, international and national conferences.

# t) Critical Accounting Estimates and Judgements and Key Sources of Estimation Uncertainty

# Estimation of useful lives of assets

The Union determines the estimated useful lives and related depreciation of assets. The useful lives can change from time to time due to technical innovations or some other events.

# Long service leave provision

Long service leave is recognised and measured at present value of the estimated future cash flow to be made in respect of employees at the reporting date. In determining the present value of the liability, estimates of attribution rates, inflation and the probability of entitlement paid outs are taken into account.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

#### 1. Summary of Significant Accounting Policies (cont)

### t) Critical Accounting Estimates and Judgements and Key Sources of Estimation Uncertainty (cont)

Fair value measurement hierarchy

The consolidated entity is required to classify all assets and liabilities, measured at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being: Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3: Unobservable inputs for the asset or liability. Considerable judgement is required to determine what is significant to fair value and therefore which category the asset or liability is placed in can be subjective.

#### u) Information to be Provided to Members or the General Manager

In accordance with the requirements of the *Fair Work (Registered Organisation) Act 2009* the attention of members is drawn to the following sub sections of Section 272 of the Act which read as follows:

- i). A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- ii). The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- iii). A reporting unit must comply with an application made under subsection (1).

# v) Comparative Figures

There are no comparative balances because the Martime Union of Australia and its Subsidiary and Branches became a division of the Construction, Forestry, Maritime, Mining & Energy Union. Therefore the opening assets, liabilities and member's fund represent the closing balances as at 26 March 2018.

### w) Contingent Liabilities and Contingent Assets

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

#### x) Going Concern

The MUA Division of the Construction, Forestry, Maritime, Mining & Energy Union is not reliant on the agreed financial support of another reporting unit to continue on a going concern basis.

Land and buildings are stated at fair value, which has been determined based on valuations as at 30 June 2016 performed by Gentle & Co Pty Ltd, an accredited independent valuer. The fair value of the properties have been determined by using market comparable method. This means that the valuations performed by the valuer are based on active market prices, significantly adjusted for the difference in the nature, location or condition of the specific property. The National Council determined that these constitute one class of asset under AASB 13, based on the nature, characteristics and risks of the property.

10. Investment Property at Fair Value		
Opening Balance as at 27 March 2018	3,600,000	2,736,000
Net gain from fair value adjustment	950,000	722,000
Closing Balance as at 30 June 2018	4,550,000	3,458,000

The investment property was revalued by Property Valuation & Advisory (WA) at 30 June 2018. A revaluation gain of \$950,000 has been recognised in profit and loss.

The fair value of the properties have been determined on transactions observable in the market and summation and capitalisation of income approach.

The highest and best use is not considered to be different from its current use.

Rental income earned and received from the investment property during the period was \$62,500.

Direct expenses incurred in relation to the investment properties that generated rental income during the year was \$375. During the period and as at the year-end, no restrictions on the realisability of investment property or the remittance of income and proceeds of disposal were present. The Union does not have any contractual obligations to purchase, construct or develop investment property or for repairs, maintenance or enhancements.

The members of the Fremantle Port Committee pays additional levies to build up the Sickness, Accident and Funeral Fund (known as *Appeal and Welfare Fund*). The fund is used to provide financial assistance/benefits to members in distress and in hospital. It also provides funeral and death benefits and also assist widows and dependant children of deceased members. The fund is governed by rules and are accounted for appropriately as part of the Western Australian Divisional Branch's normal transactions.

The Western Australian Divisional Branch entered into a Lease Agreement with the Conservation and Land Management Executive Body of Western Australia, for *Point Peron* Site to be used for members recreation. The members contribute levies to the fund which are used to manage the site. Members also pay rent as they use the recreational site.

The Sustenance and Special Purpose Fund (held by the Sydney Divisional Branch) was set up to provide members assistance in their time of need and special branch actions.

The *Divers Fighting Fund* (held by the Victorian Divisional Branch) was set up by members working in the offshore diving industry and is utilised for the benefit of divers in need or other activities related to the offshore diving industry. The *Sick and Accident Fund,* on the other hand was set up to provide Victorian members assistance in their time of need through specific fund raising campaigns or donations.

#### 16. Financial Risk Management

#### **Specific Financial Risk Exposures and Management**

The main risks the Union is exposed to through its financial instruments are credit risk, interest rate risk and equity price risk.

# a. Credit risk

Credit risk is managed through maintaining procedures (such as the utilisation of systems for the approval, granting and removal of credit limits, regular monitoring of exposure against such limits and monitoring of the financial stability of significant customers and counterparties) ensuring, to the extent possible, that members and counterparties to transactions are of sound credit worthiness.

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating or in entities that the committee has otherwise cleared as being financially sound.

#### Credit risk exposures

The Union has no significant concentration of credit risk with any single counterparty or group of counterparties.

The maximum exposure to credit risk by class of recognised financial assets at the end of the reporting period is equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the Statement of Financial Position.

#### AND ITS SUBSIDIARY AND BRANCHES

# CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

# 16. Financial Risk Management (cont)

#### b. Interest rate risk

Exposure to interest rate risk arises on cash and investments held to maturity and long term borrowings recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows.

#### c. Price risk

Price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices of securities held.

The Union is exposed to securities price risk on available-for-sale investments. Such risk is managed through diversification of investments across industries and geographic locations. The Union's investments are held in diversified management fund portfolios.

#### Sensitivity analysis

The following table illustrates sensitivities to the Union's exposure to changes in interest rates and equity prices. The table indicates the impact on how profit and equity values reporting at the end of the reporting period would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables.

	Profit	Equity
Period ended 30 June 2018	\$	\$
+/- 2% in interest rates	42,716/(42,716)	42,716/(42,716)
+/- 10% in fair value of financial assets	779,537/(779,537)	779,537/(779,537)

# d. Liquidity risk

Vigilant liquidity risk management requires the Union to maintain sufficient liquid assets (mainly cash, cash equivalents and investments) to be able to pay debts as and when they become due and payable.

The Union manages liquidity risk by maintaining adequate cash reserves by continuously monitoring actual and forecast cash flows and matching the maturity profiles of financial assets and liabilities.

#### Remaining Contractual Maturities

The following tables detail the Union's remaining contractual maturity for its financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

#### 17. Financial Instruments

#### **Fair Value of financial Instruments**

Unless otherwise stated, the carrying amounts of financial instruments reflect their fair value.

#### Fair value hierarchy

The following tables detail the consolidated entity's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

#### AND ITS SUBSIDIARY AND BRANCHES

# CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION

Total assets	6,601,794	-	38,341,984	44,943,778

Assets and liabilities held for sale are measured at fair value on a non-recurring basis. There were no transfers between levels during the financial period.

The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature.

The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

The basis of the valuation of land and buildings and investment properties is fair value determined on transactions observable in the market and summation and capitalisation of income approach. The land and buildings were last revalued on 30 June 2016 and investment properties were last revalued on 30 June 2018 based on independent assessments by a member of the Australian Property Institute having recent experience in the location and category of land and buildings being valued. The Divisional National Council do not believe that there has been a material movement in fair value since the revaluation date. Valuations are based on current prices for similar properties in the same location and condition.

The key management personnel are the Elected Officials that form the Divisional National Council as per Rule 16 of the MUA Division Rules, and are indicated as a "Divisional National Councillor" within the Operating Report on page 3.

# 20. Transactions with key management personnel and their close family members

No Official, their family members or any relative, held or acquired a material personal interest in the affairs of the Union during the financial year.

# 21. Controlled Entities

The consolidated financial statements incorporate the financial statements of the entities controlled by the Union. The entities that are controlled by the Union during the financial year were:

- MUA HTS Pty Limited ("Subsidiary")
- Newcastle Divisional Branch
- Northern Territory Divisional Branch
- Queensland Divisional Branch
- South Australian Divisional Branch
- Southern New South Wales Divisional Branch
- Sydney Divisional Branch
- Tasmanian Divisional Branch
- Victorian Divisional Branch
- Western Australian Divisional Branch

ABN 93 047 659 794

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

### 21. Controlled Entities (cont)

The Union also controls the following not for profit entities, these entities have not been consolidated as each entity prepares and lodges audited financial statements that are available to the general public.

- Maritime Employee Training Limited (METL)
- Australian Maritime Training Foundation Limited
- Hunter Workers Rehabilitation and Counselling Centre Limited

#### 22. Segment Reporting

The economic entity operates predominantly in one business and geographical segment being Trade Union services in Australia. Together, the Union provides trade union services in Australia.

#### 23. Union Details

The National Office of the Union is located at: Level 2. 365 - 375 Sussex Street SYDNEY NSW 2000

# 24. Events Subsequent to Reporting Date

On the 27th of March 2018, the Maritime Union of Australia (MUA) amalagamated with the Construction Forestry Mining and Energy Union (CFMEU). Since then, the MUA and its branches became a division of CFMMEU and will report as such to the Registered Organisation Commission (ROC). At the time of issuing this report, there is no confirmation wether the MUA and its branches will still report on a consolidated basis or will become separate reporting units.

# 25. Information required under the Reporting Guidelines for the purposes of Section 253, of the Fair Work (Registered Organisations) Act 2009.

- (1) No revenue has been derived from undertaking recovery of wages activity during the reporting period.
- (2) The Union is liquid and does not rely on other reporting units/entities to continue as a going concern. No financial support was received or given to/from other reporting units/entities during or since the end financial period.
- (3) The Union did not acquire any assets nor liability during the financial period as a result of amalgamation, restructuring of branches, business combination or determination and revocation by the General Manager.

# 26. Contingent Liabilities, Assets and Commitments

# **Contingent Liabilities**

The Union regularly engages legal action in support of its members. These cases are often ongoing pending court outcomes and are considered activities common to the Union's operations.

At 26 March 2018, there are a number of ongoing legal actions against the or taken by the Union, two of which relates to claims by Chevron Australia Pty Ltd and Victoria International Container Terminal (VICT). Chevron and VICT claims that the MUA breached multiple provisions in the Fair Work Act and as a result, should be liable to pay them pecuniary penalties. As at the date of this report, it is not possible to provide a reasonable estimate of the potential liability arising from this claim.

In relation to other ongoing cases, the reasonable estimate of the amounts that the Union may or may not be liable to pay is \$300,000.

# 26. Contingent Liabilities, Assets and Commitments (cont)

### **Commitments**

During the financial period and the previous financial year, the Union has received advanced rental payments from the ITF and Unity Bank respectively, in relation to the lease of its office space. The advanced rent relates to the period until 30 June 2026. Should the Union cease to occupy the building, both tenants are entitled to terminate the lease and be entitled to a pro-rata refund of the rent that has been paid in advance.

# DIVISIONAL NATIONAL COUNCIL'S STATEMENT FOR THE PERIOD FROM 27 MARCH 2018 TO 30 JUNE 2018

On 2 October 2018, the Divisional National Council of The Maritime Union of Australia Division passed the following resolution to the general purpose financial report (GPFR) for the period ended 30 June 2018:

The Divisional National Council, declares that in it's opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with the reporting guidelines of the Commissioner;
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Union for the financial period ended to which they relate;
- (d) there are reasonable grounds to believe that the Union will be able to pay its debts as and when they become due and payable;
- (e) during the financial period to which the GPFR relates and since the end of that period:
  - (i) meetings of the Divisional National Council were held in accordance with the rules of the Union; and
  - (ii) the financial affairs of the Union have been managed in accordance with the rules of the Union; and
  - (iii) the financial records of the Union have been kept and maintained in accordance with the Fair Work (Registered Organisations) Act 2009 (the "RO Act"); and
  - (iv) where the Union consists of two or more reporting units, the financial records of the reporting unit have been kept, as far as practicable, in a consistent manner with each of the other reporting units of the union; and
  - (v) where information has been sought in any request by a member of the reporting unit or Commissioner duly made under section 272 of the RO Act has been provided to the member or Commissioner; and
  - (vi) where any order for inspection of financial records has been made by the Registered Organisations Commission under section 273 of the RO Act, there has been compliance.
  - (vii) with regard to the funds of the Union raised by the compulsory levies or voluntary contributions from members, or funds other than the General Fund operated in accordance with the rules, no payments were made out of any such fund for purposes other than those for which the fund was operated.
- (f) No revenue has been derived from undertaking recovery of wages activity during the reporting period.

This declaration is made in accordance with a resolution of the Divisional National Council.

INDEPENDENT AUDIT REPORT TO THE MEMBERS OF CONSTRUCTION, FORESTRY, MARITIME, MINING AND ENERGY UNION, THE MARITIME UNION OF AUSTRALIA DIVISION AND ITS SUBSIDIARY

#### REPORT ON THE AUDIT OF THE FINANCIAL REPORT

#### Opinion

We have audited the accompanying financial report of Construction, Forestry, Maritime, Mining and Energy Union, The Maritime Union of Australia Division, its Subsidiary and Divisional Branches (the "Union"), which comprises the statement of financial position as at 30 June 2018, the statement of comprehensive income, statement of changes in members' funds and statement of cash flows for the period from 27 March 2018 to 30 June 2018, and notes to the financial statements, including a summary of significant accounting policies, the Divisional National Council's statement and the subsection 255(2A) report.

In our opinion, the financial report presents fairly, in all material respects, the financial position of the Union as at 30 June 2018, and its financial performance and its cash flows for the period from 27 March 2018 to 30 June 2018 in accordance with:

- a) the Australian Accounting Standards; and
- b) part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the "RO Act") and any other requirements imposed by the Reporting Guidelines.

As part of the audit of the financial statements, we have concluded that management's use of the going concern basis of accounting in the preparation of the financial report is appropriate.

#### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Union in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Audit Report Thereon

The National Council is responsible for the other information. The other information obtained at the date of this auditor's report is in the Operating Report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Divisional National Council's Responsibility for the Financial Report

The Divisional National Council of the Union (the "Council") is responsible for the preparation and fair presentation in accordance with the Australian Accounting Standards (including Australian Accounting Interpretation) and the RO Act, and for such internal control as the Council determines is necessary to enable the preparation of the financial report that is free from material misstatement whether due to fraud or error.

In preparing the financial report, the Council is responsible for assessing the Union's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Council either intends to liquidate the Union or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <a href="http://www.auasb.gov.au/auditors responsibilities/ar4.pdf">http://www.auasb.gov.au/auditors responsibilities/ar4.pdf</a>. This description forms part of our auditor's report.

We communicate with the Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we indentify during the audit.

We declare that I am an auditor registered under the RO Act.
