

GEAR UP FOR THE FIGHT

MUA Members from around the country are campaigning to remove the Abbott Government at the next federal election.

Abbott's attack on maritime workers and Australian Industries is vicious and unprecedented.

- ◆ Jobs have been cut in almost every sector
- ◆ Fuel and energy security have been ignored
- ◆ Aussie-flagged vessels have been sent offshore to be replaced by dodgy Flag-of-Convenience
- ◆ Stevedore and towage Jobs have been slashed by unscrupulous employers egged on by a government that does not respect workers' rights
- ◆ Secret trade deals have been plotted behind closed doors, which threaten to bring in exploited overseas labour at the expense of good Aussie jobs

We don't think they deserve another term. The MUA will be campaigning to make sure voters put the Liberals and Nationals last.

WE WANT YOU TO JOIN US

How?

By talking to people about how the Abbott Government is hurting your industry:

- ◆ Phone calling union members
- ◆ Doorknocking in marginal seats
- ◆ Leafleting at train stations and public events
- ◆ Running your own events
