

Hello Fellow Oregonian!

I hope you are doing as good as can be expected under these very trying times. I believe in the resourcefulness and resiliency of Oregonians!

I wanted to introduce myself as your next State Attorney General. My name is Michael Cross and I feel very passionate about protecting Liberties of the People and looking out for those that are of limited means; especially if they become embroiled in the legal system.

A good Leader is cognizant of the fact that the if not careful, the power of the state can be misapplied and bad things then happen to good people.

At the same time, it seems companies are allowed too much leeway and it is negatively effecting Oregonians' pocket book and their way of life. For instance these "Robo Calls" have gotten way out of hand. I am also alarmed at the rates banks are charging some of our most vulnerable citizens. "Predatory Towing" has definitely gotten out of hand with fees and costs into the stratosphere! I also don't believe that credit should be a factor in determining someone's car insurance. Again, these "costs of living" hit our most vulnerable citizens the hardest. I would like to look into these things, fix them and make life a little easier and definitely more fair.

I have attached a link to my website and a candidate questionnaire which should further inform you as to my thinking on vital constitutional issues that the Attorney General faces.

In closing, if elected I would work with local and state governments to SOLVE the homeless crises so that once again we feel safe in our own neighborhoods. In many cases, these folks are dealing with addiction, mental health or simply joblessness. I would also ask for assistance from the federal government via disability and vocational rehabilitation programs to get these folks the help they need and once again, turn them into productive members of our society.

To be sure, a daunting task but I do see the light at the end of the tunnel and am very good at providing solutions and resolutions in the most challenging situations! It's not like it has never been done either! It was about 80 years ago that the Fed launched it's very successful Civilian Conservation Corp (CCC) program which successfully accomplished what I just outlined by providing treatment, training and ultimately jobs to people that needed it!

I hope you'll join our team of volunteers by spreading the word about my candidacy, so that we win this election and make Oregon a better place! A better place not only for today but for our children and grandchildren to come!

Thank you so much for your support!

Michael Cross,  
Candidate For Oregon Attorney General
