Feb 4th 2019

Dear Prime Minister,

Welcome to Northland and Waitangi Day 2019.

Northland has a Meningitis outbreak and children between 5 - 12 years are ineligible for the vaccine.

The cost to vaccinate these 20,000 Northland children is the same as building 35 metres of road, less than half the length of a rugby field.

Please vacinate all Northland children.

Meningitis doesn't ask their age.

Regard,

[Signature]

Dr Shane Reti (QSM)
MP for Whangarei
