

**2019 NEW JERSEY STATE ASSEMBLY  
ADDICTION PREVENTION, TREATMENT,  
and RECOVERY CANDIDATE SURVEY**

**I. General Views on Alcohol and Drug Addiction Policies to Address Stigma**

Addictive illness is largely recognized as a chronic brain disease. It requires a long-term care approach focused on disease management like asthma, diabetes and other chronic illnesses. Relapse rates are better for addiction than these other chronic illnesses.

Alcohol and drug disorders have only recently become recognized as a chronic disease, much like diabetes or hypertension. Yet the stigma associated with it continues to persist and often prevents people from seeking the treatment they need, contributing to disease severity and adding huge costs to public programs. Despite the ample and growing scientific research supporting the view that addiction is a disease, many in the public and medical profession have not yet fully embraced this concept. Policies and attitudes that reinforce stigma hinder access to treatment and make it difficult to sustain recovery.

Indicate which principles (if any) you agree with regarding your general views of alcohol and drug addiction and policies to address the stigma surrounding addictive illnesses by placing a check mark next to the letter(s) which correspond with your views.

a) Alcohol and drug addiction are preventable, treatable, chronic diseases and are as diagnosable as other illnesses such as diabetes, asthma and hypertension.

b) Alcohol and drug addiction treatment are very effective and work as well as other established medical treatments for illnesses such as diabetes, asthma and hypertension.

c) Stopping addiction is a matter of will and choice and those who chose to commit crimes to support its use should be severely punished.

d) Support funding to ensure that treatment and recovery services are available to those who need them.

e) Other \_\_\_\_\_

**II. The alcohol tax and addiction treatment funding**

Of the over \$100 million collected each year through the state's alcohol beverage excise tax, the amount of that revenue dedicated to the Alcohol Education, Rehabilitation and Enforcement Fund (AEREF) is capped at \$11 million. Further, the latest year in which the alcohol tax was raised was 1992. The opiate crisis facing the state has created a need for more addiction treatment, which was in short supply even before the surge of prescription opiate and heroin misuse. Which of the following positions, if any, do you support?

a) Raise the \$11 million cap.

- b) Keep the \$11 million cap in place.
- c) Raise the alcohol tax and dedicate increased revenue to treatment.
- d) Keep the current alcohol tax rates in place.
- e) Fund the AEREF via a percentage of the amount collected, rather than through a fixed allotment.
- f) Other \_\_\_\_\_

**III. New Jersey's Opiate Crisis**

New Jersey is currently in the midst of a surge of prescription opiate and heroin use. This crisis is taxing the state's already limited addiction treatment capacity and causing many overdose deaths. The Centers for Disease Control released findings showing that New Jersey's overdose fatalities are three times the national average and now the leading cause of accidental death. Which of the following positions, if any, do you support?

- a) Provide dedicated funding for treatment referrals from cases of overdose revival through naloxone.
- b) Mandate that anyone revived from an opioid overdose be transported (with their consent) to a detox or treatment program.
- c) In addition to naloxone after an overdose, begin giving them a medication for withdrawal symptoms.
- d) Mandate that public places: colleges, libraries, sports arenas, etc. stock an opioid overdose reversal drug and train certain staff on its use.
- e) Other \_\_\_\_\_

**IV. Recovery Centers and Supports**

The State of New Jersey presently funds five Recovery Community Centers (in Camden, Passaic, Sussex, Warren, and Atlantic Counties). These centers are non-clinical, peer-to-peer support facilities for people in recovery from addiction. The list of activities offered often include: support groups, coaching and mentoring, sober holiday events, life skills workshops, art therapy, etc. A.1467 is a bill pending that would direct the NJ DHS to facilitate the establishment of four new peer-to-peer recovery community centers. Which of the following positions, if any, do you support?

- a) Establish a Recovery Center in my home county.
- b) Use public funding to expand the number of centers statewide.
- c) Increase the number of privately funded Centers.
- d) Fund recovery supports such as that / those that are needed and effective

**V. Criminal Justice and Treating the Addicted Offender**

A majority of jail and prison inmates have had some involvement with the misuse of drugs and alcohol. Many prisoners also struggle with varying degrees of addiction and mental illness. Which of the following positions, if any, do you support?

- a) Enhance current drug, alcohol and mental health programs in lock-up facilities.
- b) Expand access to expungement relief for individuals who can demonstrate long-term recovery.
- c) Increase penalties to deter criminal behavior.
- d) Expand alternatives to incarceration for non-violent drug offenders.
- e) Other \_\_\_\_\_

**VI. Screening, Brief Intervention and Referral to Treatment**

Pending legislation would require high schools to conduct yearly written or verbal substance use screening with all students. There are currently a few hospitals in the Garden State participating in early Screening, Brief Intervention and Referral to Treatment (SBIRT) in order to identify potentially risky use of alcohol or drugs in adults. Do you support similar screenings of minors? If yes, which of the following positions, if any, do you support?

- a) Have screenings undertaken by trained school personnel.
- b) Use SBIRT outside of a school setting, i.e., physician's office.
- c) This is a private matter that should be dealt with when the youngster or the family seeks help.
- d) Other \_\_\_\_\_

**VII. Marijuana decriminalization/legalization**

Legislation is pending that would either de-criminalize or legalize possession of certain amounts of marijuana for an adult's personal use. Which of the following positions, if any, do you support?

- a) Marijuana legalization and regulation.
- b) Marijuana de-criminalization.
- c) The present laws on its prohibition.
- d) The existing statutes, with changes (Please specify) \_\_\_\_\_
- e) Other \_\_\_\_\_

On an attached page, in seventy-five (75) words or less, please explain any other legislative priorities you will have regarding the prevention, treatment of and recovery from alcohol and drug addiction if elected.

**CANDIDATE MUST SIGN SURVEY TO BE INCLUDED IN THE DATABASE**

Candidate Name: Thomas P. Giblin  
(please print)

Candidate Signature: Thomas P. Giblin

District: 34

Party: Democrat

Date: 10/18/19
