

Dear friends and supporters,

Donald J. Trump has been declared America's next President. In the last 24 hours, our families, friends, and communities have expressed deep and grave concerns about our safety and security in this country. [Will you organize with NQAPIA and demand that America #RedefineSecurity?](#)

NQAPIA has been fighting for immigrants' rights, racial justice, family acceptance, trans justice, and LGBTQ API visibility for over 10 years. Our work has never depended on the oval office. **We have always been our best defense against racism, queerphobia, biphobia, transphobia, and violence.** We've been ready to keep fighting after November 8th—and, now, we know our opponent.

## Share your Stories

In the past 24 hours, we've heard from so many of you—your grief, disappointment, and fear for our families and friends. We need to tell our stories of policing and insecurity, and work towards radical change. On October 26th, we launched our [#RedefineSecurity website](#) with stories of LGBTQ API people who have experienced profiling, policing, and surveillance. [Will you share your own story with us?](#) The need for our voices has never been so urgent.

## Protect our Communities

We will continue demanding that DHS end their violence against our communities. [Will you join us? Sign our petition](#) to protect LGBTQ API people from profiling, policing, and surveillance.

## Support this Work

Our work is more important now than ever. We need your help to continue our work to support each other with love and resources, to document the abuses against our communities, to respond to hateful rhetoric, and to fight hard for our community. [Donate to support NQAPIA.](#)

Although the election is over, our work continues with as much urgency as ever. We are ready for the long fights ahead, to defend our communities, and to define security and safety for ourselves.

We are here for you, and we can't do this without you. We invite you to **join us for a call** to share, get updates, and be in community with one another on **Sunday, November 13th** at **6PT/8CT/9ET** at [213-529-0683](tel:213-529-0683) or [www.uberconference.com/nqapiasoutheast](http://www.uberconference.com/nqapiasoutheast).

In solidarity,  
NQAPIA Staff
