

Dear friend --

Please plan to join the Neighborhood Council Sustainability Alliance (NCSA) on Saturday, May 16, from 1:30 - 4:00 pm at TreePeople, for a presentation on the City's new "Save the Drop" drought response campaign, and a roundtable discussion on how Neighborhood and Community Councils can effectively support drought outreach and action.

We will also invite you to share your ideas about the NCSA's direction and priorities through 2016.

More details to follow soon!

Cordially,

the Neighborhood Council Sustainability Alliance (NCSA)
