

Please join the NCSA on Saturday, July 9, for an Open Space circle (aka an "unconference") where YOU can propose topics for discussion, and then convene or join topic sessions you care most about.

Depending on interest, sessions might range from shaping the NCSA's advocacy, programming, or outreach strategies, to brainstorming a community sustainability project, to helping a NC sustainability committee address a thorny challenge -- or something altogether different!

Anyone with the desire to contribute, learn, or network is welcome to participate!

P.S. Come early (10:30 to Noon) to participate in [PlanCheckNC](#)'s monthly meeting, which will be held at the same venue.
