TITLE I—CHECKERBOARD LAND RESOLUTION

SEC. 101. FINDINGS.

Congress finds that—

(1) since the passage of the Act of July 1, 1862 (12 Stat. 489, chapter 120) (commonly known as
the “Pacific Railway Act of 1862”), under which railroad land grants along the Union Pacific Railroad right-of-way created a checkerboard land pattern of alternating public land and privately owned land, management of the land in the checkerboard area has been a constant source of frustration for both private landholders and the Federal Government;

(2) management of Federal land in the checkerboard area has been costly and difficult for the Federal land management agencies, creating a disincentive to manage the land effectively;

(3) parcels of land within the checkerboard area in the County will not vary significantly in appraised value by acre due to the similarity of highest and best use in the County; and

(4) consolidation of appropriate land within the checkerboard area through sales and as acre-for-acre exchanges for development and Federal management will—

(A) help improve the tax base of the County; and

(B) simplify management for the Federal Government.
SEC. 102. DEFINITIONS.

In this title:

(1) ELIGIBLE LAND.—The term “eligible land” means—

(A) any land administered by the Director of the Bureau of Land Management that is within the area identified on the Map as “Checkerboard Lands Resolution Area” that is designated for disposal by the Secretary through—

(i) the Winnemucca Consolidated Resource Management Plan; or

(ii) any subsequent amendment or revision to the management plan that is undertaken with full public involvement; and

(B) the land identified on the Map as “Additional Lands Eligible for Disposal”.

(2) MAP.—The term “Map” means the map entitled “Pershing County Checkerboard Lands Resolution” and dated June 21, 2016.

(B) make available to the public the results of the mass appraisal conducted under subpara-
graph (A).

(3) EXCLUSION.—

(A) IN GENERAL.—If the Secretary deter-

(B) PUBLICATION IN FEDERAL REG-
ISTER.—If a mass appraisal of eligible land under paragraph (2)(A) is not finalized, or up-to-date and publicly available, before an acre-

there are few, if any—

(I) actual or proposed water re-
source facilities located upstream; and

storage, or other uses of water occur-
ing outside the land that would ad-
versely affect the wilderness values of
the land;

(B) the wilderness areas are generally not
suitable for use or development of new water re-
source facilities; and

(C) because of the unique nature of the
wilderness areas, it is possible to provide for
proper management and protection of the wil-
dereness and other values of land in ways different from those used in other laws.

(2) PURPOSE.—The purpose of this section is to protect the wilderness values of the wilderness areas by means other than a federally reserved water right.

(A) constitutes an express or implied reservation by the United States of any water or water rights with respect to the wilderness areas;

(B) affects any water rights in the State (including any water rights held by the United States) in existence on the date of enactment of this Act;

(C) establishes a precedent with regard to any future wilderness designations;

(E) limits, alters, modifies, or amends any interstate compact or equitable apportionment decree that apportions water among and between the State and other States.
(4) NEVADA WATER LAW.—The Secretary shall follow the procedural and substantive requirements of State law in order to obtain and hold any water rights not in existence on the date of enactment of this Act with respect to the wilderness areas.

(5) NEW PROJECTS.—

(A) DEFINITION OF WATER RESOURCE FACILITY.—

(i) IN GENERAL.—In this paragraph, the term “water resource facility” means irrigation and pumping facilities, reservoirs, water conservation works, aqueducts, canals, ditches, pipelines, wells, hydropower projects, transmission and other ancillary facilities, and other water diversion, storage, and carriage structures.

(ii) EXCLUSION.—In this paragraph, the term “water resource facility” does not include wildlife guzzlers.

(B) RESTRICTION ON NEW WATER RESOURCE FACILITIES.—Except as otherwise provided in this Act, on and after the date of the enactment of this Act, neither the President nor any other officer, employee, or agent of the United States shall fund, assist, authorize, or
issue a license or permit for the development of
any new water resource facility within the wil-
derness areas.

(i) TEMPORARY TELECOMMUNICATIONS DEVICE.—

(1) IN GENERAL.—Nothing in this Act prevents
the placement of a temporary telecommunications
device for law enforcement or agency administrative
purposes in the Selenite Peak Wilderness in accord-
ance with paragraph (2).

(2) ADDITIONAL REQUIREMENTS.—Any tem-
porary telecommunications device authorized by the
Secretary under paragraph (1) shall—

(A) be carried out in accordance with—

(i) the Wilderness Act (16 U.S.C.
1131 et seq.); and
(ii) all other applicable laws (including
regulations);

(B) to the maximum practicable, be located
in such a manner as to minimize impacts on the
recreational and other wilderness values of the
area; and

(C) be for a period of not longer than 7
years.
SEC. 303. WILDLIFE MANAGEMENT.

(a) In General.—In accordance with section 4(d)(7) of the Wilderness Act (16 U.S.C. 1133(d)(7)), nothing in this Act affects or diminishes the jurisdiction of the State with respect to fish and wildlife management, including the regulation of hunting, fishing, and trapping, in the wilderness areas.

(b) Management Activities.—In furtherance of the purposes and principles of the Wilderness Act (16 U.S.C. 1131 et seq.), the Secretary may conduct any management activities in the wilderness areas that are necessary to maintain or restore fish and wildlife populations and the habitats to support the populations, if the activities are carried out—

(1) consistent with relevant wilderness management plans; and

(2) in accordance with—

(A) the Wilderness Act (16 U.S.C. 1131 et seq.); and

(B) appropriate policies, such as those set forth in Appendix B of the report of the Committee on Interior and Insular Affairs of the House of Representatives accompanying H.R. 2570 of the 101st Congress (House Report 101-405), including noxious weed treatment and the occasional and temporary use of motor-
ized vehicles if the use, as determined by the Secretary, would promote healthy, viable, and more naturally distributed wildlife populations that would enhance wilderness values with the minimal impact necessary to reasonably accomplish those tasks.

(e) EXISTING ACTIVITIES.—Consistent with section 4(d)(1) of the Wilderness Act (16 U.S.C. 1133(d)(1)) and in accordance with appropriate policies such as those set forth in Appendix B of the Committee on Interior and Insular Affairs of the House of Representatives accompanying H.R. 2570 of the 101st Congress (House Report 101-405), the State may continue to use aircraft, including helicopters, to survey, capture, transplant, monitor, and provide water for wildlife populations, specifically sage grouse, in the wilderness areas.

(d) WILDLIFE WATER DEVELOPMENT PROJECTS.—Subject to subsection (f), the Secretary shall authorize structures and facilities, including existing structures and facilities, for wildlife water development projects, including guzzlers, in the wilderness areas if—

(1) the structures and facilities will, as determined by the Secretary, enhance wilderness values by promoting healthy, viable and more naturally distributed wildlife populations; and
(2) the visual impacts of the structures and fa-
cilities on the wilderness areas can reasonably be
minimized.

(e) HUNTING, FISHING, AND TRAPPING.—

(1) IN GENERAL.—The Secretary may des-
ignate areas in which, and establish periods during
which, for reasons of public safety, administration,
or compliance with applicable laws, no hunting, fish-
ing, or trapping will be permitted in the wilderness
areas.

(2) CONSULTATION.—Except in emergencies,
the Secretary shall consult with the appropriate
State agency and notify the public before taking any
action under paragraph (1).

(f) COOPERATIVE AGREEMENT.—

(1) IN GENERAL.—The State, including a des-
ignee of the State, may conduct wildlife management
activities in the wilderness areas—

(A) in accordance with the terms and con-
ditions specified in the cooperative agreement
between the Secretary and the State entitled
“Memorandum of Understanding between the
Bureau of Land Management and the Nevada
Department of Wildlife Supplement No. 9” and
signed November and December 2003, includ-
ing any amendments to the cooperative agree-
ment agreed to by the Secretary and the State;
and
(B) subject to all applicable laws (including
regulations).

(2) REFERENCES; CLARK COUNTY.—For the
purposes of this subsection, any references to Clark
County in the cooperative agreement described in
paragraph (1)(A) shall be considered to be a ref-
ence to the wilderness areas.

(a) FINDING.—Congress finds that, for the purposes
of section 603(c) of the Federal Land Policy and Manage-
ment Act of 1976 (43 U.S.C. 1782(c)), the approximately
48,600 acres of public land in the portions of the China
Mountain, Mt. Limbo, Selenite Mountains, and Tobin
Range wilderness study areas that have not been des-
ignated as wilderness by section 301(a) and the portion
of the Augusta Mountains wilderness study area within
the County that has not been designated as wilderness by
section 301(a) have been adequately studied for wilderness
designation.

(b) RELEASE.—The public land described in sub-
section (a)—
