# Why are Core Teams important?

They

- Are the 'engine room' for organising which builds power for social change
- Enable broad ownership of action & purpose
- Build deeper relationships, connections and reach across an institution
- Are key to developing people and leadership
- Create strategic capacity & potential for internal & local neighbourhood action
- Bridge the external action of a chapter with organisational development

# 'Learning Thursdays' in December Leadership

**CITIZENS**UK

## 10<sup>th</sup> December:

### Learning For Leaders –

*'Never ever do what other people can do for themselves': The 'Iron Rule of Organising' and investing in other people.*

This reflective and interactive session asks you to consider: who is the “you” that you are investing in? We will consider how developing others is a good habit for leaders to nurture in themselves, and think about how we can plan and make time for this important aspect of organising.

### Community Organising Masterclass – *How to develop effective leaders.*

This masterclass is an opportunity to reflect on your own leadership journey and provides a framework for you can intentionally invest in people to develop community organising leadership characteristics. Hear how this approach powerfully impacted a member from one local organisation and leave equipped to build the potential of talented and passionate people in your networks.

## 17<sup>th</sup> December: Christmas Action! Homelessness & NRPF

Join us for our virtual action on 17<sup>th</sup> December at 4pm calling on the Government to ensure that everyone has a roof over their heads during cold winter months and beyond, including people with no recourse to public funds. Bring a candle with you to share the message of light and hope with homeless people who may not have a safe place to stay this winter.
