

March Against Wage Theft!

Wage Theft is a Crime!

Friday, November 18
New Labor
103 Bayard St, 2nd Fl
10:30 AM

Each year, billions of dollars in rightfully earned wages are stolen from workers. This affects our community and our families. Down with wage theft!

If your employer

- didn't pay you for the work you did
- didn't pay you at time and a half for overtime (1.5 times) regular wages after 40 hours in a workweek
- paid you less than a wage of \$8.38 per hour (Ex. this includes if they pay you \$450 per week, working 60 hours per week)
- paid you less than the agreed amount...

That's wage theft!

We will march through part of New Brunswick to spread the word, and probably visit a restaurant that owes wages. On November 18, worker centers in the Interfaith Worker Justice network (IWJ) participate in a National Day of Action Against Wage Theft. We need strong laws and we are fighting to pass a statewide bill against wage theft (S1396)!

New Labor
103 Bayard St, 2nd Fl

****Attention! The NJ minimum wage will go up to \$8.44 per hour on January 1, 2017****

What's New Labor? We're an organization of members that educates, organizes and fights for better conditions and justice in the workplace. We're a community union doing things together that we can't do on our own, like fighting workplace abuses, fighting for immigration reform, and doing educational classes like workplace health and safety.
