ICE AGENT

The ICE AGENT is responsible for enforcing immigration laws and regulations within the United States. This includes detaining individuals suspected of violating immigration laws, removing those who are unauthorized to remain in the country, and enforcing penalties for violations.

ICE AGENT officers are trained in areas such as detention, administrative procedures, and criminal investigations. They work closely with other law enforcement agencies and federal agencies to ensure compliance with immigration laws.

ICE AGENT duties may include conducting immigration screenings at ports of entry, conducting criminal investigations, and providing legal counsel to ICE detainees. They also have the authority to issue detainers, which are legal documents that request the arrest of a person suspected of violating immigration laws.
