

EOG Resources and Employees Donate More Than \$822,000 to Local Food Banks and Pantries

As a result of the COVID-19 pandemic, many people throughout the country are struggling to put food on their table. To show its support and commitment to the communities where it operates, EOG Resources and its employees have committed **more than \$822,000** to more than 40 different food banks. The funds were the result of a company-wide, unlimited 2-for-1 matching gifts program that ran through the month of June.

“EOG’s culture is the key to our success,” said EOG CEO Bill Thomas. “During uncertain times such as these, we rely on our employee culture to help our business stay resilient, consistently innovate, and find ways to give back to our communities in meaningful ways.”

Among the recipients of the donation drive was the **Roadrunner Food Bank**, which received a combined **\$12,970** from EOG and employees, enough to provide nearly **65,000 meals** to New Mexicans.

“This generous donation will allow us to provide much-needed food for children, senior citizens, and the most vulnerable as the COVID-19 situation continues to create uncertainty in our communities,” said Mag Strittmatter, President and CEO of Roadrunner Food Bank. “We thank EOG Resources for their ongoing partnership, especially during this difficult period.”

Other recipients included the West Texas Food Bank, Houston Food Bank, San Antonio Food Bank, Regional Food Bank of Oklahoma, Food Bank of the Rockies, Great Plains Food Bank (ND), West Texas Food Bank, East Texas Food Bank, and the Tarrant Area Food Bank (TX), among more.

The 2-for-1 matching gifts program for food banks was in addition to EOG’s standard matching gifts program, in which the company matches charitable gifts up to \$75,000 per employee per year.
