OPENPRIMARIES

501(c)(4)

MISSION

To encourage more voter and candidate participation and reward coalition building and problem solving among elected officials by ensuring that all eligible citizens can exercise their right to vote in every public election.

GOALS

- To advocate for the immediate passage of legislation that will allow independent voters to vote in partisan primaries.
- To advocate for adoption of a non-partisan redistricting commission to end the practice of incumbent politicians getting to decide who can vote for them.
- To ensure that independent and minor party candidates have equal ballot access.
- To use thoughtful, well-reasoned legal challenges to open up primaries and force the legislature to take action on other reforms NMOP supports.
- To facilitate conversation and eventual adoption of ranked choice voting for all public elections.
