

VOTE YES

TO REJECT THE CMP CORRIDOR

THE CMP CORRIDOR IS A BAD DEAL FOR MAINE!

This high impact transmission line will bring hydropower from Canada to Massachusetts, profiting international corporations.

WE CAN'T TRUST CMP:

- Ranked as worst utility in America by JD Power three years in a row
- Maine ranked last in nation for power reliability
- Placed under investigation/fined multiple times in the last few years
- Tells Mainers one thing while doing another...like running ads claiming a cut of 54' when actually cutting on average 98'.

CMP'S CORRIDOR IS BAD FOR MAINE'S ENVIRONMENT:

- Maine's most prominent environmental groups all agree that this project will cause irreparable damage to Maine's undeveloped forest without promised GHG benefits
- Fragments the last great forest east of the Mississippi River
- Even the Massachusetts attorney general agrees this project will not reduce carbon emissions
- CMP has repeatedly said this project is not about climate change...find out more at www.YesToRejectCMPCorridor.com/climate

CMP'S CORRIDOR IS BAD FOR MAINE'S ECONOMY:

- Countless jobs in the biomass industry and related forest products industries put in jeopardy by the Corridor
 - Corridor will destroy heritage fisheries and harm the regional tourism industry
 - Will cost Maine-based renewables \$400 million in the first 15 years of operation, jeopardizing hundreds of good paying jobs
 - Creates an artificial reliance on foreign energy, exporting profits to Quebec and Spain.
- Find out more at www.YesToRejectCMPCorridor.com/economic_impact

CMP HAS SPENT MILLIONS TO SILENCE YOUR VOICE:

- CMP sued the State of Maine to block a statewide vote last year
- CMP has spent millions of dollars on propaganda and lawsuits, and it has forged ahead with construction, despite pending lawsuits and ahead of the statewide vote
- Hydro-Quebec, a government-owned corporation, has also spent more than \$10 million to influence the outcome of this referendum - money they wouldn't be allowed to spend on a similar effort in their own country!

Maine is NOT AN EXTENSION CORD for Massachusetts

Will you join us in voting **YES to REJECT** the CMP Corridor this November?
