

CAPACITY COLLEGE 2014 Fall Workshop Registration

Capacity College's 2014 Fall Workshops offer a combination of skill and/or knowledge-building workshops that are open to any member of the general public who is interested in improving his/her civic skills. Workshops generally stand on their own, however some workshops are part of a series (though prerequisite participation is not required).

Leaders and Organizations Series Workshops are sold in a semester package (*which includes three workshops*), at a cost of \$90 for the semester for NPN members, and \$180 for the semester for non-NPN members. These workshops can also be sold individually, at a cost of \$30 per individual for NPN members, or \$60 for non-NPN members. **Communities Series Workshops are free.** If you are interested in becoming an NPN member to take advantage of the reduced cost, please indicate below (an NPN staff member will follow up).

If you are registering for a group, please be sure to indicate as such and state how many individuals are participating in the group per workshop selection (and ensure each person completes a registration form). Indicate the three workshops (or the number of people per workshop) in the listing section below that you wish to attend.
