**talk about it**  
NUS Women's Department 2015 survey

The 'Talk About It' survey aims to gather information about the experiences of women university students in Australia. It will look at accommodation, safety, services, sexual assault, harassment and economic difficulties that women enrolled in tertiary education institutions face.

Please take the time to participate in this survey. This survey will be run every two years and your input will help to obtain a picture of the challenges and barriers that women students face. Data will be used by student organisations to inform discussion, policy and campaigns on a campus and national level.

This survey is run by the National Union of Students.

Authorised by Jess McLeod  
National Union of Students Women's Officer
