## Who We Are

OUR  
H·I·S·T·O·R·Y

The National Women's Political Caucus (NWPC) is a multi-partisan, grassroots organization dedicated to increasing women's participation in the political process and creating a women's political power base to achieve equality for all women.

NWPC recruits, trains, and supports pro-choice women candidates for elected and appointed office at all levels of government.

NWPC was founded in 1971 when 320 women from 26 states met under the leadership of feminists including Shirley Chisholm, Bella Abzug, Gloria Steinem, and Betty Friedan. Their goal was to create change by electing more women to public office, advocating for women's issues, and supporting feminist candidates, regardless of party.

## What We Do

NWPC is dedicated to identifying and encouraging qualified, pro-choice women to seek elected and appointed office. Through our California state organization and network of local chapters, we endorse and provide financial, volunteer and technical assistance to hundreds of candidates each year.

NWPC hosts training programs to provide women with the skills needed to run winning campaigns as candidates, to serve as staff and to be effective volunteers. Fundraising, media, campaign management, message

development, get-out-the-vote strategies and operations are all covered in these vital training sessions. Other programs train women how to apply for local, state and federal appointments. NWPC also offers leadership programs for girls and younger women to prepare the next generation of female leaders.

## Looking Forward

At NWPC California, we're working every day to ensure a more equitable future for our daughters.

To move us forward, we endorse viable women candidates regardless of political party who support our core issues:

- ◇ *Reproductive choice and access to reproductive health care including publicly funded abortion;*
- ◇ *Elimination of sexual harassment;*
- ◇ *Increased access to affordable quality child care and other dependent care programs;*
- ◇ *Equal pay for equal work and elimination of gender and race-based pay inequity;*
- ◇ *Ratification of the Equal Rights Amendment;*
- ◇ *Elimination of discrimination based on race/ethnicity, sex, sexual orientation, gender identity, age, religion, marital status, socioeconomic status, and disability.*
