

LIBERTY DESERVES ITS DAY IN COURT

More than five years ago, as a presidential candidate, I launched a battle to break up the Republican and Democrat control of the all-important nationally televised presidential debates. GOV. GARY JOHNSON

▶ We need to raise **\$250,000** by December 1, 2017

We're taking the Committee on Presidential Debates to court – the Supreme Court. Republicans and Democrats won't willingly give up their monopoly ownership of the debates. **Our America Initiative filed a lawsuit** in Federal Court in Washington, DC, to break up the two-party control and corruption that is robbing America of its liberty.

More than 40,000 people have signed our Fair Debates petition. Please join us.

It's been a tough fight, costing hundreds of thousands of dollars for appeals, hearings and filings. But today, we are knocking on the door of the Supreme Court of the United States. Our outstanding legal team is working right now to prepare the necessary filings and petitions to take our case to the Supreme Court during the current session. We have to act now.

Be an American hero to current and future generations. This is the day we have been working toward for years, but we can't take this fight to the Supreme Court without your financial support. **The moment is now.**
