

THIS IS YOUR MPP

Laurie Scott
Progressive Conservative

In the next few days, the Ontario government will vote on Bill 47, a bill to take away your workplace rights and reduce the penalties for employers who break the law. Unless we stop it, Bill 47 will cancel:

- \$15 minimum wage
- Two paid sick days
- Equal pay for part-time & temp workers doing the same job as full-time or directly-hired co-workers
- Fairer scheduling laws
- Laws that make it easier to join and keep a union

TELL YOUR MPP TO VOTE AGAINST BILL 47.

No matter what they say, Ontario's economy is thriving with a higher minimum wage. In 2018 alone Ontario has gained 103,000 new jobs. Higher wages mean people have more money to spend at local businesses.

TELL LAURIE SCOTT TO KEEP DECENT WORK LAWS.
