

THIS IS YOUR MPP

LISA MACLEOD
Progressive Conservative

In the next few days, the Ontario government will vote on Bill 47, a bill to take away your workplace rights and reduce the penalties for employers who break the law. Unless we stop it, Bill 47 will cancel:

- \$15 minimum wage
- Two paid sick days
- Equal pay for part-time & temp workers doing the same job as full-time or directly-hired co-workers
- Fairer scheduling laws
- Laws that make it easier to join and keep a union

TELL YOUR MPP TO VOTE AGAINST BILL 47.

No matter what they say, Ontario's economy is thriving with a higher minimum wage. In 2018 alone Ontario has gained 103,000 new jobs. Higher wages mean people have more money to spend at local businesses.
