

Daytime and overnight off-peak hours surveying at Pape station and surrounding area

Beginning February 16, 2021

What is happening?

To advance design concepts and other structural plans for the Ontario Line, Metrolinx will be surveying current conditions at Pape station and in the surrounding area. Using this information, Metrolinx can determine the optimal construction approach for this project.

TIMING

- Work is scheduled to begin on February 16 and last up to 3 weeks, occurring every day including weekends.
- Work in the area surrounding the subway station will take place between **10 a.m. and 3 p.m.** and **work in the subway station will take place between 8 p.m. and 7 a.m.** in order to avoid peak hours of transit use.
- Work may be rescheduled or delayed due to weather conditions or unforeseen circumstances.

WHAT TO EXPECT

- No equipment will be left on site.
- Please take care when walking through the station. Watch for additional signs directing pedestrians as detours may be required.
- No noise, vibration or traffic and transit impacts are anticipated from this work.

What is the Ontario Line Transit Project?

The Ontario Line will connect communities with 15.5 kilometres of transit service, making it faster and easier for hundreds of thousands of people to get where they need to be each day. It will also help alleviate congestion on transit and roads by providing 17 new connections to GO trains and TTC service.
