

Investigative hydrovac work along rail corridor from Eastern Avenue to Gerrard Street East

Resuming February 22, 2021

What is happening?

To advance design concepts and other structural plans for the Ontario Line, Metrolinx will be using a vacuum truck to gather information and evaluate underground conditions. Using this information, Metrolinx will determine construction details for the project.

WHAT TO EXPECT

- Work is scheduled to resume on February 22, 2021 and last until early April.
- Work will occur between **7 a.m. and 7 p.m** from Monday to Friday.
- Residents and businesses near the work site can expect to hear noise caused by trucks, including vacuum trucks and other equipment related to this work.
- Please take care when walking near construction areas. Watch for additional signs directing pedestrians as detours may be required.
- During work hours, some lane reductions may be required. Every effort will be made to minimize disruptions.
- Work could be rescheduled and delayed due to weather conditions or any unforeseen circumstances.

WORK LOCATIONS

Some temporary lane reductions will be required:

- Eastern Avenue, east and west of the rail corridor - February 22, 2021
- De Grassi Street, west of the rail corridor - February 22-24, 2021
- Queen Street East, east and west of the rail corridor - February 22-24, 2021
- Logan Avenue, north and south of the rail corridor - February 25- March 3, 2021
- Tiverton Avenue, west of the rail corridor - work start date TBC
- Dundas Street East, east and west of the rail corridor - work start date TBC
- Strange Street, west of the rail corridor- work start date TBC

What is the Ontario Line Transit Project?

The Ontario Line will connect communities with 15.5 kilometres of transit service, making it faster and easier for hundreds of thousands of people to get where they need to be each day. It will also help alleviate congestion on transit and roads by providing 17 new connections to GO trains and TTC service.
