SAVE OUR HEALTH CARE

To the Legislative Assembly of Ontario,

WHEREAS the Ford government is restructuring the entire health system without any public consultation;
WHEREAS this restructuring eliminates local planning and control of health care;
WHEREAS this opens the door for unprecedented levels of for-profit providers in our health care system;
WHEREAS the last Conservative government privatized home care services creating a system that fails too many families;
WHEREAS the current hallway medicine crisis is a direct result of inadequate home care, long term care, and community care services;

Therefore we the undersigned petition the Legislative Assembly as follows: request the government to abandon Bill 74 and focus on improving our province's public and universal health care system.
