

We Support our Personal Support Workers Act

Whereas, support workers have risked their safety and well being to care for our loved ones during the most uncertain periods of the pandemic

Whereas, support workers are often underpaid and consistently overworked

Whereas, we recognize the important role they play in maintaining public health standards

Whereas, Ontario must properly recognize the essential work they do as health care heroes

We the undersigned, petition the Legislative Assembly as follows: raise the minimum wage for support workers and establish a permanent training program designed to recruit and retain support workers and create apprenticeship program that ensures support workers are paid while learning on the job.
