

The best data the state has is incomplete and has not been updated since 2012...

The Preservation List is the most comprehensive list of subsidized housing supported with federal and state funding that OCA is aware of. Unfortunately, even though it includes over 82,000 units of housing, it is incomplete and, to the best of our knowledge, not regularly updated.

Developments	Opportunity Score

• 0 - 100	High
● 101 - 300	Moderate
