

Te Mahere Rautaki | Strategic Plan 2020 – 2022

Te Moemoea | Organisational Vision

Āhuarangi Ora, Tāngata Ora
'Healthy Climate, Healthy People'

Aronga | Mission Statement

The purposes of OraTaiao: New Zealand Climate & Health Council are:

- To educate all New Zealanders on the threat of climate change and its effects on human health and survival.
- To promote interventions that combine health and environmental benefits.
- To encourage, particularly in the health sector, personal and organisational action on climate change.
- To promote a rapid reduction in New Zealand's greenhouse gas emissions.
- To encourage societal responses to climate change that promote equitable health and social outcomes and are consistent with Te Tiriti o Waitangi.

Whanonga Pono | Values

OraTaiao: New Zealand Climate & Health Council's work is underpinned by the following values:

Manaakitanga
Kia Pono
Kia Tūturu
Kia Maia
Hei Tauira
Oti Horo, Oti Tika
Kia Māori

Caring and Compassion
Integrity
Credibility
Boldness
Leading by example
Effectiveness
Meaningful partnership with Māori at all levels

Ngā Whakaarotau | Overarching strategic priorities 2020-2022

1. Act for a just (fast, fair and based on Te Tiriti o Waitangi) transition to a climate-resilient net zero emissions Aotearoa/NZ that improves health and achieves equity.
2. Add our unique health and equity expertise to urgent global climate action.

Ngā Kaupapa | Objectives 2020-2022

Ngā Mahi Matua | Core Business

- Build and maintain meaningful partnership with Māori at all levels.
- Grow and diversify our membership through our networks and build capacity of regional and special interest working groups.
- Get our message out through public communication and strong narrative.
- Provide written and oral submissions on regional and national climate change policy and legislation where relevant and appropriate.
- Play our part on the international stage.
- Support work to achieve a climate-resilient net zero emissions health sector.
- Optimise our advocacy methods.
- Build and strengthen our networks and relationships with other climate justice organisations.

Kokiringa Matua | Major Campaigns

- A strong Climate Change Commission (consistent with New Zealand's obligations to limit warming to 1.5 degrees) that centralises te Tiriti o Waitangi, health and health equity.
- To advocate for a te Tiriti-based food system that is equitable, improves health, and reduces climate pollution.

Kawenga Roa | Other Objectives

- Strategic review of governance policies and processes.
- Influence other organisations on equity and indigenous rights.
- Support advocacy of indigenous people in Pacific.
- Contribute to building the knowledge base on climate change and health.
- Support regional, national, and Pacific island climate change and health adaptation planning.
- Help deliver the 2021 Sustainable Healthcare and Climate Health Aotearoa conference.
