OCTOBER 28TH & 29TH
SHERATON - HARRISBURG, PA

PAHRC STATEWIDE CONFERENCE

A Safety-first approach to the Overdose Epidemic

OUR MISSION

The mission of PAHRC is to promote the health, dignity, and human rights of individuals who use drugs and communities impacted by drug use. Recognizing that social inequity, criminalization, and stigma silence those affected most, we advocate for policies that improve the quality of life for people who use drugs, people in recovery, and their communities. In furtherance of that goal, in fall 2019, PAHRC will be holding a state-wide conference focused on a “Safety 1st Approach to the Opioid Epidemic.” And we need your help to make this a possibility.

ABOUT THE CONFERENCE

This conference will feature 4 tracks including Clinical, Medical, Law-Enforcement, and Community. Each of these tracks will be focused on solutions already in practice and working to stem the tides of the worst public health crisis of our generation. We know your support will help us in our effort to bring the commonwealth the most cutting-edge research, solutions, and evidence based interventions. This two day-event is expected to draw over 300 attendees for multiple keynotes and breakout sessions.

Over 300 professionals looking to be part of the solution.

OUR “WHY”

Pennsylvania had more overdose deaths than any other state in the nation with over 5,500 people losing their lives to overdose. Pennsylvania also has the 3rd highest percentage of people dying per capita. It is critical that we expand safety first interventions at every level. We must implement change in communities, government and medical institutions, and at the state level. This conference will bring those solutions to the Keystone State.

WHAT WE NEED FROM YOU

We are currently soliciting multiple levels of support, which are outlined in the attached prospectus. Sponsors can expect their company logo to be HIGHLY visible on all event materials, the conference website, and conferer marketing materials.

We are requesting all sponsorship payments by April 10th, 2019. Please contact Devin A. Reaves, Executive Director PAHRC, directly if you wish to be a part of this groundbreaking, statewide learning experience at 215-316-1118 or via email at Devin@paharmreduction.org.
