

MEMORANDUM OF AGREEMENT

Acceleration Cohort Program

This agreement is between the Portland Public Schools, School District No. 1J, Multnomah County, Oregon (District) and the Portland Association of Teachers (Association), together, “the parties.” The existing collective bargaining agreement remains in full effect unless otherwise set forth in this Memorandum. **This MOA expires at the end of the 2022 – 2023 school year unless the parties mutually agree to renew this MOA.**

Preamble

The Acceleration Cohort is a differentiated approach to supporting district schools. Our diverse population of students, communities, and schools have a variety of needs that cannot be met by a one size fits all approach to support. The acceleration cohort allows the district to support school communities by **providing additional staffing and funding to acceleration schools**, incubating promising instructional models, focusing attention on persistent achievement gaps or climate and culture issues that impede student growth. **Full supports for the needs of each child are essential to accomplishing the goal of student growth, such as a structured curriculum that ensures full access to** ~~ing~~ **performance and creative arts, library, technology, PE; appropriate class sizes and case-loads; wrap-around services throughout the schools; collaborative decision making and leadership styles;** innovative instructional strategies and intervention initiatives ~~are essential to accomplish this goal.~~ To effectively implement the curriculum and instructional strategies, an extended day and enhanced responsibilities are **is** necessary. Additionally, a ~~rigorous agenda of~~ **effective** professional development for teachers **that is immediately applicable to classroom practice** is **desirable** required; this will complement the instructional strategies and curriculum. The District and Association have agreed to the following provisions which apply specifically to members of the bargaining unit assigned to the Acceleration Cohort notwithstanding any conflicting provisions of the parties’ collective bargaining agreement. All other written provisions of the Contract not in conflict with this Article shall remain in full force and effect.

Educators may elect to voluntarily transfer out of an Acceleration school through a professional educator-initiated transfer until **pre-service professional development days have begun**. August 15th.

2.3 ~~Once a school is in Acceleration school status, no professional educator shall be involuntarily transferred to that school. **An unassigned educator may be assigned to an Acceleration School only if failing to do so would lead to an unassigned educator being laid off.** Educators may be unassigned in accordance with 18.6.2 of the Contract. The District shall not be required to place unassigned educators at an Acceleration school, nor shall any educator be allowed to bump into an Acceleration school position as a result of a reduction in force.~~

2.4 Any additional staffing required by this Memorandum of Agreement shall not result in any non-Acceleration School to be staffed below current District staffing models.

Commented [3]: Design team will recommend staffing model.
