What is PAT up to?
Our 2021-2022 PAT Goals:

1. Organize to ensure safety of our members, our students, and our community in the COVID-19 pandemic.

2. In upcoming contract negotiations, organize our members and the public around a shared vision for Schools Portland Students Deserve, including instructional equity, the need for small class sizes, healthy school environments, and the physical and mental well-being of students and adults, so clearly underscored by the pandemic.

3. Center racial equity in our union and communities we serve, including implementation of the gains we made in our last contract, expanding our racial justice training and education, and organizing affinity spaces for educators of color.

4. Expand member participation and two-way communication, rooted in a strong foundation of union values, organizing, and anti-racism.
