

Since the 1800s, workers have organized internationally around labor rights and social justice on May 1st. To celebrate May Day this year, teachers nationwide are organizing through OEA and NEA in partnership with AROS, Alliance to Reclaim Our Schools.

As a PAT action, we ask that teachers:

1. **Wear red and All Student stickers** (you will receive the stickers in your RA packet on April 26th) on Monday, May 1st.
2. **Plan a 'WALK IN' or 'WALK OUT'** with your staff. While technically this should be organized for before or after your contract day, your principal may be willing to allow this action to occur during the contract day; they may even participate with you!
 - For a 'WALK IN' have all of your staff meet out in front of the building at a designated time and place outside the school to take a photo and walk in together.
 - For a "WALK OUT" have your staff meet at a designated time and place inside the school building and walk out together and take a group photo. Remember, try to plan this for a time with high visibility among parents and students.

Use your 1 to 10 systems to get the word out about to all the people in your building.

3. **Share the photo** with your staff, and ask them to post to social media with the hashtag #OEMayDay!
